## AMERICAN NUMISMATIC ASSOCIATION ANNUAL CONVENTION

Davenport, Iowa, August 19, 20, 21, 1946

In the Centennial Year of Iowa's Statehood at the Invitation of the Iowa Numismatic Association and the Davenport Numismatic Club. Held at the Blackhawk Hotel.

(Continued from last month)

MR. KAUFMAN: That sentence if you listen to it carefully would definitely preclude the nomination of a new candidate to the Association, that part of it which has reference to his service to the American Numismatic Association. Suppose a youngster would like to get up and get an office of some kind as to the Board of Governors or some other office, which he has a democratic right to do, that provision would stop him in aspiring to the office, at least until he has been a member of the Association for at least eight or ten years. May I call your attention to the words, "To the Association or to numismatics." That precludes a youngster to aspire to an office.

PRESIDENT BELT: Judge Moss is recognized.

JUDGE MOSS: I fail to agree with the gentleman who is under the impression that it would be a bar to the new comer and derogatory to the so-called American way. It seems to me that it would be the reverse. After all is said and done votes will be cast by the members, and they can vote for the youngster even though he hasn't done anything for the science of numismatics or the Association as they saw fit. There is nothing that stops him from being nominated or otherwise, but in an Association the responsible officers and the men and women who constitute the Association and attend the meetings have a right to know what that individual who aspires to an important post has ever done for this Association or the science of numismatics. If he has done nothing,

then of his own accord his desire and ambition to be in an elective office should go by the board. However, in that case the members have the right if they so desire to vote for an incumbent individual. Anybody who has ever had the job of being on this committee of counting the votes, I have never been, but I have been told you will see for instance where there are like twelve names, many vote for the first five. Now, if you want to talk about democracy, is that fair? You might as well go to a horse race. It seems to me that this is the fairest way of trying to get the right man in office and I certainly am in accord with the interpolation of Mr. Saxton. I sincerely hope and pray that for the purpose of this Association it will be passed. (Applause)

PRESIDENT BELT: Are there any other remarks on this amendment?

VOICES: Question.

PRESIDENT BELT: You have all heard the amendment. Are you all familiar with what you are voting on? Does anybody have any further instructions or would like to have it re-read? (There was no reply). All in favor say, "Aye." Those opposed by the same sign. The motion is carried. The amendment is adopted and will become a part of the report of your Revisions Committee. Now, we have before us the adoption as Mr. Reagan had it, with the second, as amended. Now, are there any remarks on that matter?

MR. SHELDON: I would like to amend the motion for the general adoption to amend this constitution or by-laws, the articles, that is, Article I, so that we can take the particular one in which we have pointed interest and arrived at it by adopting all other, otherwise we will hold up all the others. There is one in particular I would like to work on.

PRESIDENT BELT: A general motion has been made for the adoption of the entire report as amended, and as I understand, Mr. Sheldon's offered amendment, instead of being as a whole, it be adopted article by article. Do I hear a second?

MR. WICK: I second it.

PRESIDENT BELT: The motion has been made by Mr. Sheldon and has been seconded by Mr. Wick. Do I hear any remarks on that matter? I am going to present that the motion has been made for the adoption of the report as a whole. Mr. Sheldon wishes to amend that by saying it be adopted article by article. You are now voting on that, shall it be adopted article by article? All those in favor say, "Aye;" those opposed by the same sign. My ears are not good enough, gentlemen, to distinguish, so I am going to have to ask for a standing vote, and I am going to ask Mr. Pierce, the president of the Iowa Numismatic Associa-

tion to please take the count. Now, all in favor of the amendment to the motion please stand.

MR. PIERCE: I get 19.

PRESIDENT BELT: Now, will all those who are opposed to the motion please stand? Please remain standing.

MR. PIERCE: The count is 34.

PRESIDENT BELT: I believe we are willing to accept Mr. Pierce's count. The motion has been defeated. We have before us now the original motion of Mr. Reagan. Do I hear any other remarks?

VOICES: Question?

PRESIDENT BELT: All those in favor of the adoption of the report as made and amended signify by saying, "Aye"; all those opposed the same sign. The motion is carried unanimously. I could hear that. (Laughter)

MR. SCHWARTZ: I would like the Chair to declare that the new by-laws are now in effect. I would also like to explain the action of the Committee with respect to the amendment made by Mr. Saxton. It was primarily based on the fact that we had made a statement in our preliminary report that all the matters we were presenting were presented with the approval of the report. Mr. Saxton's suggestion came at such a late moment that we could not conscientiously feel that it had received the approval of the Board of Governors. Otherwise we have no objections. In fact, we have helped frame it.

PRESIDENT BELT: Mr. Schwartz, the very reason that I called you to your feet was that I wanted to determine definitely when you were here when this was to go into effect, and that was the very reason I brought the matter up. I think by your action it goes into effect immediately, but I didn't want any question on it, is that correct?

MR. SCHWARTZ: That was my fault, however, if you want to be strictly technical about it, your present constitution and by-laws provide for amendments going into effect upon official announcement of the result of the vote. It would therefore seem clear that the new By-Laws are now in effect.

PRESIDENT BELT: Thank you, Mr. Schwartz. The official announcement of the vote was that the new By-Laws are adopted unanimously. That is more than the required two-thirds of those voting on alterations or amendments. The new By-Laws are now in effect. It is so ordered.

Editor's note. The complete By-Laws, as adopted, are published in the new edition of the Membership Directory, and are not being republished in THE NUMISMATIST.

MR. DOUGLAS: Mr. President, I think the membership of the Association would be remiss and this convention would be remiss if they didn't express for the membership their deep and sincerest gratitude to one chairman who has faithfully and at great sacrifice of time, and also of never losing patience, stood for what he believes and what we believe by our unanimous adoption of his committee's work approved and spoken our approval of for the benefit of our Association. That committee is composed of Max Schwartz, Martin Kortjohn, Doug Ferguson, and

Judge Moss. Moss, not a member of the committee, but a corking good associate counsel, has probably in the last year since their appointment done more work, more difficult, trying work in reconciling so admirably all little details, the conflicting opinions they have been bombarded with, and I think the bombardment, I hope, is a healthy thing for an Association. I have been guilty of some of the bombarding. I hope that the final result of it will be healthy for the Association. I know it will be, and I would like to offer a resolution to be adopted by this gathering expressing in the name of our membership our deep gratitude for the splendid work of that committee.

PRESIDENT BELT: Mr. Douglas, do you wish that to be taken up by the convention, or do you wish it referred to the Conventions Committee?

MR. DOUGLAS: I suggest it be acted upon now by the convention.

MR. BROWN: I second it.

PRESIDENT BELT: It has been seconded by Mr. Brown. You have heard the motion. Are there any remarks? All those in favor say, "Aye"; all opposed the same sign. The motion is carried. I thank you. (Applause) Now, Mr. Saxton?

MR. SAXTON: That was in substance exactly what I wanted to offer.

PRESIDENT BELT: I am kind of a mind reader. (Laughter) Now, I believe the decks have been cleared of some of the matters that the Resolutions Committee were faced with, and we will go back now to the original order of business and ask for the report of the Resolutions Committee. Is the Chairman of the Resolutions Committee ready for the report?

REV. RASMUSSEN: Yes, sir, Mr. Chairman.

PRESIDENT BELT: Rev. Rasmussen, will you please come to the front?

REV. RASMUSSEN: The Committee on Resolutions submits the following resolution:

#### RESOLUTION No. 1.

Upon the recommendation of the District Secretaries, we hereby recommend for future conventions that all officers and district secretaries be made members ex-officio of the local hospitality committee of the organization acting as the convention host.

PRESIDENT BELT: I think we will take them up one at a time for you. Do you move its adoption?

REV. RASMUSSEN: I move its adoption.

MR. WILSON: I second it.

PRESIDENT BELT: Are there any remarks on this resolution? You understand what it means? All those in favor say, "Aye." Those opposed by the same sign. It is adopted.

REV. RASMUSSEN: Now, the next is No. 2.

#### RESOLUTION No. 2.

The Resolutions Committee unanimously presents for adoption the following motion:

RESOLVED, that the Association extend its sincere thanks and gratitude to the IOWA NUMISMATIC ASSOCIATION, the DAVENPORT NUMISMATIC CLUB, their officers, members and the various committees for acting as host

at the Annual Convention in the Centennial year of Iowa's Statehood for its great hospitality and many courtesies in making this Convention such a memorable and outstanding event.

The Association further desires to express its gratitude and commendation for the magnificent work performed by the General Chairman, Loyd B. Gettys.

The Association felt honored in the presence at its opening meeting of the Honorable A. R. Kroppach, Mayor of the City of Davenport and hereby expresses its great thanks to his Honor the Mayor, for his cordial and eloquent address.

The Association further desires to thank the City of Davenport, its officials and citizens, The Davenport Democrat and The Daily Times, for its favorable and intelligent publicity, The Blackhawk Hotels Company for their friendly spirit of cooperation in every respect.

PRESIDENT BELT: Is that Resolution No. 2? Do you move its adoption?

REV. RASMUSSEN: I move its adoption.

MR. GINTHER: I second it.

PRESIDENT BELT: It has been seconded by Mr. Gintner. You have heard the resolution. It would seem to me, and this is only a suggestion from the Chair, that it might be well if this is adopted, that some special word be put in there as to how the thing might be expressed to these people who have been mentioned, such as the hotel.

MR. SCHWARTZ: And that the Secretary of the American Numismatic Association be instructed to forward to each of these persons referred to, a copy of this said resolution on the stationery of the Association.

PRESIDENT BELT: You offer that as an amendment?

MR. GINTHER: I second it.

PRESIDENT BELT: It has been seconded. All those in favor say, "Aye." Those opposed the same sign. The amendment is adopted. Now, we will take up the motion if I may. Now, where do I hear a motion as amended, please?

MR. KOSOFF: I move for the adoption as amended.

PRESIDENT BELT: Mr. Kosoff moves for the adoption as amended. Is there a second?

MR. YEOMAN: I second it.

PRESIDENT BELT: Mr. Yeoman seconded it. All those in favor say, "Aye"; those opposed the same sign. It is carried.

REV. RASMUSSEN: This is all we have so far.

PRESIDENT BELT: The Chairman of the Resolutions Committee says that is all they have so far. There will be a further report in the business session tomorrow. Now, the next order of business is the reports of the District Secretaries.

PRESIDENT BELT: Now, we have one or two other side reports and while we are waiting we will hear from those. Mrs. Helen Lewis has asked for the floor. Now, Mrs. Lewis, if you please.

MRS. LEWIS: Yesterday morning's breakfast of the District Secretaries I was appointed chairman of the committee to list by states those who have registered and turn those lists over to the District Secretary state by state so that each District Secretary may contact the people from his own state. Those lists will be ready. They are ready, in fact,

up to yesterday's registration. At the completion of that when Mr. Stehfest and Mr. Wick and I have completed those lists will be turned over to each District Secretary.

PRESIDENT BELT: Will it be sent to each District Secretary or be turned over to those here?

MRS. LEWIS: It will be sent to each District Secretary.

PRESIDENT BELT: Each District Secretary will receive that. Is there anything else you have here? Is there anything else along a general nature you would like to present? Now, going back to the District Secretary's reports, I have received the District Secretary's reports. Did you have the number for me, Dr. Judd?

DR. JUDD: There were 25 received up until yesterday.

PRESIDENT BELT: There were 25 received up until yesterday and I have received some since that time. This is a remarkable percentage of reports and some of the reports are very fine. I think the one from the farthest distance is the one from our District Secretary in England. Now, if you wish, the General Secretary will read them to you, all of these reports. Or, you can accept the reports as having been read and order if you wish their publication in THE NUMISMATIST. Now, it is entirely up to you, and I would like to have a motion from the floor as to what you would like to have done. This is aside from the point, but conversely I would like to have Mr. Reagan read them all.

MR. SHELDON: I so move that the report of the District Secretaries be published in the usual form in accordance with the editor going over them, etc.

MR. WILSON: I second it.

PRESIDENT BELT: I am very happy that you put on that they be edited. Mr. Sheldon has moved that they be accepted, as I understand, as having been read and published in the usual manner after having been edited. It has been seconded by Mr. Wilson. Now, are there any remarks?

VOICES: Question.

PRESIDENT BELT: All those in favor say, "Aye"; all those opposed by the same sign. The motion is carried. I believe that that covers the list of official business as scheduled by the program here. Does anyone have anything else they would like to present at this time?

MRS. HAMMER: I just want to say at this time that I brought along a few of the books from the library that are proving quite valuable, and they will be on display and will be available to take out in the regular manner and I will have them out on this meeting table if anyone cares to look at them.

PRESIDENT BELT: Thank you, Mrs. Hammer; there is another matter that has been called to my attention, and I believe you will all be interested in it. You all know that last year or sometime prior to that, that an Award Committee was appointed to pick out the outstanding numismatic contribution to the Association through our magazine, and I was very happy to appoint that committee early in the year. They did a most remarkable and wonderful job of picking out the outstanding articles. It seems to me I had some seven or eight on that committee and it was really very wonderful to me to get those reports from men

all the way from the west coast to the east coast, including Florida. (We people in Arizona make a separate exception as to Florida,) to find how really in accord they were in giving this award. It was really almost as to a man, and it was not until after we got down to fourth or fifth place where there started to be very much of a mix-up. We gave eighteen awards for the outstanding articles from a top of \$100 down to \$10, I believe, for the lower ones. Then, in addition to that, we gave an award of a silver medal to the first place winner and an award of a bronze medal to the second. You folks are all familiar with this, because you passed this some time ago. The Medal Committee, Mr. Ostrander of Chicago has had the medals struck, on the cash award we have that, and the cash awards have all been made. But, the medals have not yet been awarded because they were just received a few days ago, and I thought you folks would be happy to see what has been worked out in this connection. This is the silver first place award. (Demonstrating) This will be awarded to the first place winner as first place winner on the back and the year of 1945. Now, there are only ten of these silver medals, one only being awarded every year, and each year as the awards are made the date of that award will be affixed on the medal so there will be only one 1945, there will be only one 1946, and Mr. Reagan is going to arrange immediately after this meeting to have the medal put on display in the Exhibition Hall. The things I have said of the first award are also true of the second. This is the bronze medal for the second place, and it will be handled in exactly the same way. (Demonstrating) And there will be only one each year. We have saved expenses in having only ten struck at the same time, and we have on hand and included in the appropriation now the medals for the next ten years, together with all the dies and the other matter that is needed for future work in case you carry on the program. I believe that this is something which is going to prove very, very good and it has cost us quite a considerable sum of money as a one-time payment, but in view of the fact that it is a ten-year program I think it is very well spent and I make this explanation so when these things come through you will understand what they are for.

DR. JUDD: Has arrangements been made to photograph reproductions in THE NUMISMATIST?

PRESIDENT BELT: I presume they have. It is the intention of your office to give as wide a publicity to this thing as is consistent with good business practice. My attention has been called to another matter in connection with these affairs. You have had, or will have, a report from the Chairman of the National Coin Week. He did a most outstanding job. I think we had as good or better response than we have ever had in spite of the fact it was at a time when other things seemed to interfere, and I would like to have a motion that we extend to L. W. Culver, Chairman of that committee, and his committee our most hearty thanks and appreciation. Do I hear a motion to that?

MRS. LEWIS: I so move.

MR. SCHUMACHER: I would like to have the honor of seconding that motion. To identify myself, I am Henry Schumacher, A. N. A. member. I am president of the Boston Numismatic Society. We were the bridesmaids in the National Coin Week Contest, and I think we

wore down our opposition, because the committee this year awarded us first place, and at this time I would like to second that motion for the committee's kindness in awarding it to us.

MR. VON RHEIN: Mr. President, I should like also to second my name to that motion, being President of the Phoenix Coin Club, and we did put on a special effort and our effort was awarded by a second place nationally, for which we thank the committee in making that award, and we feel very happy in making that, and I feel it would be a great pleasure in adding that to the President of the Boston Numismatic Society.

MR. DOUGLAS: I would like to be recognized in speaking in favor of it, because the Boston Coin Club did me the high honor of inviting me up to present to them the banner from this Association and it was presented July 20 at the meeting of the Copely Plaza at the Second Annual Meeting of the Numismatic Conference. It was a very fine event. It did high honor to all clubs who entered, and I urgently urged adoption of the motion.

PRESIDENT BELT: You have heard the motion. You have heard the first, second, and third (Laughter). Are there any remarks? Hearing none, all those in favor say, "Aye"; those opposed, the same sign. Mr. Culver, you have the unanimous thanks of this Association. Now, I have an announcement here. You saw in your schedule a Life Members' breakfast. This morning a Life Member Club to further educational activities of this Association was formed. It is not a regular organization in the regular way. It is just part and parcel of this great bunch, all working toward one objective, and, that is, the betterment of the A. N. A., and I have been requested to announce that Mrs. Opal Morris, the secretary of that good organization would be glad to have any life member who wasn't present at the breakfast this morning, I think there were 39 there, that any life member in attendance who wasn't there please get in touch with Mrs. Opal Morris sometime during the day. Is there any other business?

MR. SHELTON: I move that this convention discharge the committee on medals composed of Glenn Ostrander, William G. Rayson, and F. C. C. Boyd with thanks and gratitude in preparing this literary award medal of the Association.

DR. JUDD: I second it.

PRESIDENT BELT: You have all heard the motion and it has been seconded. Are there any remarks? All those in favor say, "Aye." Those opposed by the same sign. The motion is carried. The question has been raised whether or not we should discharge the By-laws Committee, but I believe that is automatic. I don't believe there is any need to have a special motion, but I should be very glad to entertain one. They have done their work and it is accepted. Now, if there is nothing else we will stand adjourned.

#### WEDNESDAY MORNING SESSION

PRESIDENT BELT: Mr. Sgt. at Arms, would you please announce that the meeting is going to be called to order? All right, ladies and gentlemen, this, we hope, will be the final business session of this convention, and while we do not want to take any steam-roller tactics, we do

hope that we can dispose of this as soon as possible, because your Board will have a great deal of business to transact and the quicker we can get to it why, the easier we can get away. I don't believe, as a general thing, that you know that your Board meets in advance of your convention and meets after your convention for the transaction of business, so while it is a three-day business session for you, it's a five-day or six-day business affair for your Board. I bespeak that we give this morning's business meeting as much attention as we can and as much dispatch as we can so that your Board can get into session at the earliest moment. Now, the regular order of business, is the reading of communications. The General Secretary informs me that there are no additional communications to be presented at this time. But Mr. Schumacher has asked me for the floor to present a matter I believe in the nature of a communication. Mr. Schumacher!

MR. SCHUMACHER: Mr. President, officers and members and again you, Mr. President, I appreciate this opportunity of having the floor to make an announcement. As president of the Boston Numismatic Society I have had many honors conferred upon me, the most recent of which was the designer of a medal for the Shepard Pond. Mr. Pond is a former member of the Board of Directors and well known to the old timers and many of the more recent members. Mr. Pond died in 1945, and our Society reached our 85th anniversary in 1945. That gave us an opportunity to have a medal struck for a dual purpose, that of commemorating the late Mr. Pond and our 85th anniversary. The order for these medals was placed six months ago and just before I left home I was happy to see them, so I could bring one with me. They are about an inch and one-quarter in diameter and the Pond Memorial is on the face, and on the back is the 85th Anniversary inscription. Since coming here, numerous members have asked me if they were available to others than their own members. It was originally the intention to give to our original members only and to a few of the favorite officers. It has occurred to me that since so many have asked if they were available I shall confer with my committee on my arrival home and see if it cannot be arranged to supply those who wish a copy, especially those who have known Mr. Pond, so if any member is interested in securing one of those medals, if he will give me his name and address before I leave tonight I shall be glad to communicate with him immediately when we decide how the distribution shall be made outside of our members. Thank you.

PRESIDENT BELT: Thank you, Mr. Schumacher, I only want to say on behalf of the late Mr. Pond that I had the pleasure of serving with him on the Board in connection with the A. N. A. and on a number of committees and I had the greatest respect for Mr. Pond and his ability. I am further happy to give you the time to announce this medal from your home club. It is not trying to sell anything, folks, but it is out of honor to Mr. Shepard Pond that that was presented on the floor. Are there any remarks? If not, the next matter of business will be the final report of the Proxy Committee. Is the Chairman of the Proxy Committee ready?

MR. SHELBY: Mr. President, inasmuch as this is the revised report of the original, I would like to read only those names where there have been corrections or revisions to save time. Mr. Shelby read the report of the Proxy Committee.

(The report, as given above, is the revised one, and includes the corrections presented at this time.)

PRESIDENT BELT: I understand that the numbers that you gave were the total proxies and not additional to the ones before, is that correct?

MR. SHELBY: That is correct.

PRESIDENT BELT: You have heard the final report of the Proxy Committee, ladies and gentlemen, what is your wish?

PRESIDENT BELT: It has been moved that the thanks be included.

MR. KAPLAN: I second it.

PRESIDENT BELT: Are there any remarks? All in favor say, "Aye"; those opposed by the same sign. The motion is carried and it is so ordered, and thank you, Mr. Shelby, and members of your committee. The next report, I believe, is from the Resolutions Committee. Who is ready? Are you ready? All right, Rev. Rasmussen, your report.

REV. RASMUSSEN: This committee consists of five members and we wish as a committee to express our deep gratitude to Judge Moss for his official and generous help to the committee during its deliberation. Rev. Rasmussen read:

RESOLUTION No. 3.

This Resolution originated with the Resolutions Committee.

Our revered treasurer, George H. Blake, for the first time in many years, is unable to attend the Convention. He has served the Association as its Treasurer for a period of almost twenty-five years. Yet by reason of his advanced age, he has not taken out a Life Membership. Therefore, in recognition of his long and faithful service and his contribution to numismatics and literature—

Be it resolved: That Life Membership No. 150 be and hereby is conferred upon George H. Blake, and that the necessary funds for the fee of such life membership be transferred from the General Fund to the Life Membership Fund.

MR. BAUER: May I have the honor of making the motion that the resolution be adopted.

PRESIDENT BELT: Yes, sir.

MR. CLARKE: I would like to second that motion.

PRESIDENT BELT: The former president, George Bauer, has made the motion and former president, T. J. Clarke has seconded it.

VOICES: Question.

PRESIDENT BELT: You have all heard the motion. All those in favor say, "Aye"; opposed the same sign. The motion is carried unanimously.

REV. RASMUSSEN: The next resolution is Resolution No. 4. I move it be accepted.

## RESOLUTION No. 4.

In view of the nature of the American Numismatic Association, the Resolutions Committee feels that there should be among its standing committees a Committee to be known as the Committee on Medallic Art. The Committee therefore recommends the following resolution:

Be it resolved that the President be authorized to appoint a committee to be known as the Committee on Medallic Art whose jurisdiction shall consist of securing the proper designs, dies and execution and striking thereof of all official medals of the Association.

PRESIDENT BELT: You have heard the reading of the motion. Do I hear a second?

MR. KOSOFF: I second it.

PRESIDENT BELT: You have heard the motion and the second. Are there any remarks? Hearing none, all in favor say, "Aye"; those opposed by the same sign. The motion is carried, and it is so ordered.

REV. RASMUSSEN: Resolution No. 5 is as follows:

## RESOLUTION No. 5.

There are many occasions on which the Association should make suitable awards for outstanding, loyal and faithful services to the Association and to the field of numismatics. The Resolution Committee therefore recommends the following resolution:

Be it resolved that the Committee on Medallic Art be authorized and directed to make proper arrangements for securing a suitable design and dies and the striking of a medal in sufficient quantities for the purpose of special recognition of services rendered to the Association or in the field of numismatics.

PRESIDENT BELT: Do you move its adoption?

REV. RASMUSSEN: I move its adoption.

MR. WRIGHT: I second it.

PRESIDENT BELT: You have all heard the motion and the second. Are there any remarks?

VOICE: Question.

PRESIDENT BELT: All those in favor say, "Aye;" those opposed by the same sign. The motion is adopted, and it is so ordered.

REV. RASMUSSEN: Resolution No. 6 is as follows:

## RESOLUTION No. 6.

In recognition of the arduous labors and fine accomplishments of the Committee on the Revision of the By-Laws and at the suggestion of A. Kosoff, the Resolutions Committee feels that the four members of the committee be awarded an official recognition.

Therefore, be it resolved that the four members of the committee, namely, Max M. Schwartz, Martin F. Kortjohn, Joseph Moss and J. Douglas Ferguson, be awarded a special silver medal.

I move its adoption.

PRESIDENT BELT: I wish to make a slight correction. I only want to keep the record correct. I doubt the phraseology of that, because Judge Moss was not a member of the committee, you say, "The four members." He was an associate counsel. I believe you should refer to the committee if you wish as a whole, but not as a member, don't use the word, "member." It is a technical proposition, but I know what you mean.

MR. SCHWARTZ: May I say a few remarks here, Mr. President?

PRESIDENT BELT: Yes.

MR. SCHWARTZ: At the time of the appointment of the committee, Judge Moss was in the armed services and my impression was then that you made him an associate member, because of the possible conflict of duty. Thereafter I recall in our correspondence, after Judge Moss had returned from active service that Judge Moss would be a regular member of the committee. I think I have some correspondence to you to that effect, and I so advised Judge Moss.

PRESIDENT BELT: If you feel the record is sufficiently clear, I have no objection at all. Do I hear a second to that?

MRS. LEWIS: I second it.

PRESIDENT BELT: You have all heard the motion and the second. Are there any remarks? All in favor of the motion as read say, "Aye;" those opposed by the same sign. The motion is carried and it is so ordered.

REV. RASMUSSEN: That ends the resolutions here, but we have some more here.

PRESIDENT BELT: Have you a further report?

REV. RASMUSSEN: Yes.

PRESIDENT BELT: I believe we have a report on behalf of the G. E. A. C. Dr. Judd?

DR. JUDD: Is it proper to have the report of the sub-committee first, or would you like to have ours?

PRESIDENT BELT: It is immaterial. Would you like to have the report from the Publications Committee?

DR. JUDD: Is the Publications Committee ready to report?

PRESIDENT BELT: All right, Mr. Yeoman, you have the floor.

MR. YEOMAN: Mr. President, I would like to present the:

### REPORT OF THE PUBLICATIONS COMMITTEE

Various matters relating to publications have been placed before this committee during the fiscal year 1945-1946.

In October 1945 the question of handling reprints of articles appearing in THE NUMISMATIST was referred to this group. A resolution was prepared and referred to the Board of Governors. After some minor revisions relating principally to selling price, the resolution was approved by the board. Several reprints were completed and delivered to the Librarian in May 1946, when suitable publicity for sale to collectors was planned for appearance in THE NUMISMATIST.

The resolution of November 22, 1944, by the Oregon Numismatic Society regarding a Universal Numismatic Encyclopedia was referred to the individual committee members in January 1946. The committee expressed approval of the idea, but were undecided and skeptical concerning the scope, cost and supervision of the project.

A special meeting was called April 27, 1946, at the American Numismatic Society Museum in New York City to give further consideration to the proposal. The following persons were present representing the Publications Committee: R. S. Yeoman, Chairman; Charles Knott; Martin Kortjohn; Stuart Mosher; Advisory, Damon G. Douglas; V. Pres. A. N. A.; Lewis M. Reagan, Gen. Secy. A. N. A.; Sawyer Mosser, Librarian A. N. S.; Otto Sghia.

Considerable thought was given to the scope of an encyclopedia. Surrounded as we were by one of the world's largest numismatic libraries, we could not fail to realize fully the vastness of a really complete encyclopedia of numismatics. A set consisting of only a hundred volumes would barely serve as an outline providing the briefest descriptive passages and illustrations of only the most important specimens. The committee could arrive at

no agreement on the scope, as the term "Universal" was too indefinite for the seemingly endless quantity of subject matter which could be included in an encyclopedic work.

The only practical method, it was suggested, would be to publish certain single volumes from time to time uniform in format, and ultimately a series of volumes would be available to libraries and individuals in standard sets. This method was suggested in the letter explaining the Oregon Society resolution.

The committee generally agreed that, in any event, a paid supervising editor should be employed by the A. N. A. to make a careful analysis of the whole project and prepare a detailed report. After acceptance of his recommendations, he would take full responsibility for coordinating the work of compiling, preparation of manuscripts, photography, and publishing of the encyclopedia.

The cost of printing and binding a single volume of 992 pages, size 6x9 inches on 60 lb. basis good quality enamel stock, with cloth bound, gold stamped board covers, would be approximately as follows:

500 identical copies	\$35,363	\$70.52 per vol.
1000 identical copies	36,720	36.72 per vol.
1500 identical copies	38,080	25.38 per vol.
2000 identical copies	39,435	19.71 per vol.
2500 identical copies	40,790	16.31 per vol.

The above figures are estimated to include photographs, cuts and all materials required for publishing a single complete volume in the multiples specified. The figures do not include editorial or manuscript costs.

The committee wishes to express its approval of the encyclopedia idea, and refers the matter to the Executive Board for an appropriation of an amount sufficient to compensate a supervisory editor plus his expenses for office maintenance and other necessary items. Should this appropriation be granted, it is suggested that an amount sufficient to publish the first volume, of not less than \$41,000 be added to the above appropriation to render the venture feasible. It is to be understood that the proposed appropriation of from \$45,000 to \$50,000 would be sufficient for one volume only, published in a quantity of 2500 copies, and that the selling price would be approximately \$20 per single volume to recompense the A. N. A. without profit, and perhaps a higher price to avoid loss.

It is further recommended that the supervising editor first conduct a canvass of all libraries, advertise in THE NUMISMATIST, and otherwise solicit orders in advance for Vol. I of the Encyclopedia, and that until two-thirds or more of the quantity of books decided upon are thus sold by subscription, that no part of the publishing appropriation be spent.

The committee had under consideration a proposed Dictionary of Numismatic Terms submitted by J. Hunt Deacon, District Secretary for Australia. The members after careful consideration decided that such an undertaking was not feasible.

Respectfully submitted by

R. S. YEOMAN, Chairman  
MARTIN F. KORTJOHN  
STUART MOSHER  
HOWARD F. HUGHES  
CHARLES P. KNOTH

The following Resolution is submitted by the Committee with the suggestion that it be referred to the Resolutions Committee:

Resolution for presentation to the Resolutions Committee for its action.  
Be it resolved that the amount of \$45,000 be appropriated for the publication of 2,500 copies of the first volume of a universal numismatic encyclopaedia and that no money be spent until at least two-thirds of the proposed issue be sold by subscription at a price of not less than \$20 for each copy.

MR. SAWICKI: Does that mean that this matter be re-referred to the Resolutions Committee for further action? Mr. Chairman, I believe

there is no use wasting time. We might as well take action right now, and I move that we recommend that this motion be defeated.

PRESIDENT BELT: Let us keep the record straight. We have two things here. We have a report which has not been approved, and a motion was made, and now you are asking to eliminate some part, or portion.

MR. SCHWARTZ: I move that the report of the committee be received with thanks, and that the committee continued for such further matters as may be referred to it from time to time.

PRESIDENT BELT: Do I hear a second to that?

MR. ISENBERG: I second it.

PRESIDENT BELT: Are there any remarks? Hearing none, all in favor say, "Aye"; those opposed by the same sign. It is carried. Now we have the Resolution. What do you want done with that?

MR. SAWICKI: Mr. Chairman, I move that the consensus of opinion of the Convention is that the resolution be tabled or defeated.

MR. SCHWARTZ: Mr. Chairman, I have been advised that the Resolutions Committee has already considered this matter, and will be able to make a report very shortly which will be satisfactory to the Convention, I am sure.

MR. SAWICKI: All right, I will withdraw my motion.

MR. SCHWARTZ: I suggest that you refer it to the committee and it needs no motion.

PRESIDENT BELT: The gentleman withdraws his motion, and without any further action on his part it is referred to the committee. It is so ordered. It will be referred to the Resolutions Committee in a very short while.

MR. BAUER: May I make a suggestion?

PRESIDENT BELT: Yes.

MR. BAUER: The American Numismatic Society published in 1916 a Dictionary of Numismatic Terms, and I suggest that possibly arrangements could be made with them to reprint this so that they would be available to all members of the American Numismatic Association.

PRESIDENT BELT: That is a very good suggestion, Mr. Bauer, and I am going to turn it over to the Chairman of the Committee and to make any suggestions as may be necessary. The matter will be turned over for further attention to the Publications Committee. Are there any further remarks? I believe the next is the Educational Committee. Is there any report to be made by the Educational Committee? Dr. Judd, do you have the report from the Educational Committee?

DR. JUDD: I have a letter which I didn't consider a report. I can turn it over to the secretary in a few minutes if you wish.

PRESIDENT BELT: I believe for the purpose of the record, Dr. that you had better give us a summary if you do not have the letter. I do not like to have personal letters go into the record, except as to report. Would you summarize the report you received?

DR. JUDD: Briefly, the committee is trying to produce a manual for use in the schools. That manual was authorized at the Philadelphia convention in 1941. They were instructed to produce a prospectus for

submission to the Board for this manual. No prospectus has been produced. I understand that one and perhaps two sections of such a book have been written which could be published in the journals, but the general committee has a recommendation to make with reference to this in our report.

PRESIDENT BELT: I believe for the purpose of the record we will accept that as the report of the Educational Committee. What do you wish to be done with this?

MR. KAPLAN: I move it be adopted.

MR. SAXTON: I second it.

PRESIDENT BELT: It has been regularly moved and seconded. Are there any remarks? All those in favor say, "Aye"; those opposed by the same sign. It is adopted. The next order of business is the:

### REPORT OF THE GENERAL EDUCATIONAL ACTIVITIES CONTROL COMMITTEE

This committee was created one year ago to correlate the educational activities of the association. During the past year we have acted in an advisory capacity to the Education Committee, the Edward T. Newell Memorial slide committee and the Publications Committee.

We arranged for the scholarship at the Museum of the American Numismatic Society and publicized this in THE NUMISMATIST. Two applications were received but both were withdrawn due to illness and personal reasons. However we recommend that the scholarship be continued and the same appropriation be granted for the ensuing year.

Plans are being formulated for instructional courses or round tables to be conducted at the annual conventions in which a division of numismatics will be discussed under the leadership of recognized authorities in the various branches.

We are also planning awards to be made by this committee to the exhibitors at the conventions to be based entirely on the educational value of the exhibit.

This committee was instructed by the Board of Governors at the last convention to arrange for a permanent exhibit of the coins now the property of the association not on exhibition at the Smithsonian Institution. Plans are under way but have not been completed.

The preparation of the manual authorized at the Philadelphia Convention in 1941 has failed to reach the prospectus stage and there is no prospect of its being completed in the immediate future.

Since the trend in schools is toward visual education, we recommend that the preparation of the manual be deferred and that a program using series of slides accompanied by suitable lectures be substituted and be made available to the schools as soon as possible. In order to expedite this program we recommend that the duties of the various educational committees be clearly defined as follows:

1. The slides committee shall be responsible for the manufacture of the slides only.
2. A lecture committee be appointed to plan, prepare and arrange for the preparation of the lectures to accompany the various sets of slides.
3. The publications committee shall continue in charge of the reprints from THE NUMISMATIST, and the publication of Newsgraphs authorized by the Association. We further recommend that the name of this committee be simplified to the General Education Committee, and that its membership shall include the Chairmen of the Slide, the Lecture and the Publications Committees.

Respectfully submitted,

G. E. A. C. C.

Signed: D. G. DOUGLAS; M. V. SHELDON; STUART  
MOSHER; LEWIS M. REAGAN; MRS. EMILY  
BROOKES; DR. J. H. JUDD, Chairman.

PRESIDENT BELT: You have heard this most splendid report of the chairman of the G. E. A. C. C. What is your wish?

MR. KAPLAN: I move its adoption.

MR. SILVERMAN: I second the motion.

PRESIDENT BELT: I again would very much appreciate coupling with that, thanks to the committee for its service. Do you wish to do that, Mr. Kaplan?

MR. KAPLAN: Yes, sir.

MR. SILVERMAN: I second it.

PRESIDENT BELT: Mr. Silverman seconds it. Are there any remarks? All in favor say, "Aye"; opposed by the same sign. It is so ordered. Would you like to make a report, Mr. Sheldon, on the Slides Committee or the Edward T. Newell Slides Committee?

MR. SHELDON: With your permission I would like to give it orally. It will be published in the regular form. The work of the committee was very stymied for want of material. We had to husband our material. We were unable to obtain additional material until about six weeks ago. The work of the committee throughout the year was to lay a pattern or framework into which the regular one would be built, which was done, in connection with Mr. Yeoman, and working with Dr. Judd's collection of patterns. It was all due to the inability to obtain material, which is still short, but that has been eliminated and there is no reason why we can't go right ahead.

MR. DOUGLAS: (Acting as Chairman) Thank you, Mr. Sheldon, for your work. We had a sample of your work the first evening. We are looking forward to lots more of it next year. You have heard the report of the Slides Committee. What is your wish?

MRS. LEWIS: I move it be accepted with thanks.

MR. SAWICKI: I second it.

MR. DOUGLAS: Now, you have heard the motion. Are you ready for the question? All those in favor signify by saying "Aye"; those opposed by the same sign. The motion is carried.

PRESIDENT BELT: I would like to call on the Chairman of the Trade Mark Renewal Committee, Judge Moss.

JUDGE MOSS: Mr. President, and ladies and gentlemen; about four weeks ago the president installed Max M. Schwartz, and myself, as a committee to take care of the renewal of the trade marks, the name, "NUMISMATIST." That name, "NUMISMATIST," was copyrighted in the proper bureau in Washington, and we received word that the name was going to expire very shortly and that we would lose rights to that name if it was not renewed immediately. I wrote Mr. Schwartz, who is in New York City, and myself being in Philadelphia. One man could do it. I thereupon called upon Mr. Schwartz, and he suggested that I take care of it. It accordingly is being taken care of and I brought the proper papers to the convention for the renewal of the trade mark, "THE NUMISMATIST," which the president has signed, and it is now in the hands of the Secretary, and in due time that name will be renewed again, and we will be fully protected in every possible way.

PRESIDENT BELT: Thank you, Judge Moss. Due to the fact that this is a continuing matter, I am not going to ask for any motion. We will take care of that later. Is the Coin Purchase Committee ready to report? I believe I have in my file the note saying that numerous coins have been purchased and with your kind permission I will just turn it over to the General Secretary.

MR. KORTJOHN: Mr. President, in connection with the work of the Coin Purchase Committee, the Chairman would like to have another place to exhibit the coins, and I don't think we have had any suggestions from any of the members just where a suitable place would be, so if there are any members present who could think of a suitable permanent place for such an exhibit, will they please get in touch with the Executive Board and let them know? We have a lot of coins which came mostly from the Batterson Collection that we are just holding for that very purpose. The Smithsonian Institution space has been filled. We cannot put any more coins in that as you heard yesterday, so the Executive Board would appreciate a word as to places to exhibit them.

PRESIDENT BELT: We are very happy to have that report, Mr. Kortjohn. Let me say that in addition to that, in addition to the Executive Committee, you can notify any member of the committee of which Dr. Judd is chairman, because a year ago that was put in their hands, too, so either the Executive Board or Dr. Judd, if you would, and his committee would be very happy to have suggestions where a permanent exhibit could be put.

MR. REAGAN: Mr. President, the report of this committee on coin purchases is in my possession, and while it was not received in time to include in the mimeographed reports, I am pleased to present it at this time. There is a supplement, which will be neither read nor published, consisting of a detailed record of the individual coins acquired during the year. It will be attached to a similar record of previous years and kept on file in my office.

### ANNUAL REPORT OF THE COIN PURCHASE COMMITTEE

At the meeting of the Executive Board, August 26th, 1945 in New York City, the sum of \$100.00 was appropriated for the purchase of specimens to be added to the Moritz Wormser Memorial Loan Exhibit, which the Association maintains on public display in the Smithsonian Institution, U. S. National Museum, Washington, D. C.

During the past year, we have acquired 45 new coins, many of which were donated to our collection.

The new pieces are numbered in our list 1000 to 1044. The amount spent for these coins and the expense of the committee was \$43.10 leaving an unexpended balance in the appropriation of \$56.90.

The Chairman has continued his column of "New or Recent Issues" in THE NUMISMATIST and wishes to thank at this time the Awards Committee for the \$25.00 Award to the above mentioned column on "New or Recent Issues." The Committee recommends, that the appropriation for the coming year be set again at \$100 and that the insurance, protecting the collection be continued.

The Committee is grateful for assistance rendered and for the numerous donations received for the collection. Special thanks are extended to the following for their gifts to the Collection: Albany Numismatic Society, P. K. Anderson, D. M. Bullowa, S. J. Curiel, R. Friedberg, D. D. Ghosal, T. R. Hammer, M. Kortjohn, O. Suskind.

ERNST KRAUS, chairman  
LAREN BENSON

MR. REAGAN: I move the adoption of this report, with thanks to the Committee, and that it be referred to the Executive Board with respect to the recommendation for an appropriation for next year.

PRESIDENT BELT: You have heard the motion, is there a second?

MR. MASON: I second it.

PRESIDENT BELT: Mr. Mason seconds it. Are there any remarks? All those in favor say, "Aye"; those opposed by the same sign. The motion has been carried. I thank you. The next order of business is the report on behalf of the Index Committee.

SECRETARY REAGAN: Most of you know that some three or four years ago we published a 50 year index of THE NUMISMATIST. It was contemplated at that time to publish supplements from time to time, possibly in five year intervals, or ten year intervals, and the committee was reappointed to carry on that work. The first period for such a supplement has not quite elapsed, but the work is under way so that when it has elapsed a supplement will be ready for publication.

PRESIDENT BELT: You have heard the report, and in view

MR. SAWICKI: I move that the Credentials Committee, the Proxy Committee, the Resolutions Committee, and the Election Committee (as soon as it has rendered its report) be discharged with thanks for the splendid work they have done.

MR. WILDER: I second the motion.

PRESIDENT BELT: Are there any remarks? If not, all those in favor say, "Aye"; all those opposed by the same sign. The motion is carried. Now, are there any other committee reports other than the Elections Committee? If not, we will pass to the next order of business. The Elections Committee will report later, the presentation of invitations for the 1947 convention. Now, before entertaining any invitations, I want to say that the selection of the place of meeting for this convention is in the hands of your Executive Board, so please in making your motions, make them as a recommendation for the convention to the Executive Board. I believe I am correct, am I not, under the new constitution and by-laws, so make them in a form of recommendations, please. I am ready to hear the first invitation if we have one.

Note—The details of the presentation of invitations for future conventions are not being published, but may be summarized as follows:

For the 1947 Convention, invitations were received from:

**Boston Numismatic Society**  
**Buffalo Numismatic Association**  
**Phoenix Coin Club**  
**Columbus Numismatic Society**  
**Miami, Florida (Chamber of Commerce)**  
**Jacksonville, Florida**

After rather lengthy discussion, the general consensus of opinion was that Buffalo was first choice. Representatives of the Boston Numismatic Society were content to withdraw in favor of Buffalo on condition that Boston be given favorable consideration for 1948. The Phoenix Coin Club likewise yielded to Buffalo. The final decision rests with the Executive Board, and will be announced later. For the 1949 Convention, an invitation was received from the Pacific Coast Numismatic Society to hold the convention in San Francisco. The convention appeared to be in general agreement favoring this proposal.

—By the General Secretary

PRESIDENT BELT: Is there anything else that should be taken up for this convention. Does anyone have anything else to offer in the way of the betterment of the A. N. A. before I call for the report of the Election Committee? Following the Election Committee will be the installation of officers and following the installation of officers will be the official adjournment. There will be no other business transacted at this convention unless it is presented now. Do I hear anything. If not, I will call for the report of the Election Committee, Charles Knoth, Chairman:

CHARLES P. KNOTH, Chairman

PRESIDENT BELT: Ladies and gentlemen, you have heard the report of the Elections Committee. What is your wish?

MR. VON RHEIN: I move that it be adopted.

VOICE: I second it.

PRESIDENT BELT: I would like, if I might, to suggest that in connection with the acceptance that the declaration as made be adopted that thanks be extended to the Committee. They have done a wonderful job and a lot of work, and I also suggest that they be instructed to destroy the ballots, if I might.

MR. VON RHEIN: I so move your motion.

MR. WENDELL: I second the motion.

PRESIDENT BELT: Do I hear any remarks? Hearing none, all those in favor say, "Aye"; those opposed the same sign. Those named have been duly elected, and with your kind permission I will call on past president, Mr. Kortjohn to install. Mr. Kortjohn?

MR. KORTJOHN: Well, I am awfully happy to have this job of installing new officers. Your president is not unknown to you. He has served well and faithfully for the last year, Leon Belt. Likewise, your first vice president, Damon Douglas. I know that you will both do your respective work in a very, very efficient manner next year. The Association can feel proud of the manner in which they did their work last year and can feel assured that they will continue next year in the same manner. Now, do you want to say a word?

PRESIDENT BELT: I just want to say a word. I certainly thank you for your vote of confidence. It was a hard fight. I had a stiff battle but with your support I won out. (Laughter and applause)

MR. KORTJOHN: Do you want to say a word, Mr. Douglas?

MR. DOUGLAS: What Leon just said goes for me double in spades.

MR. KORTJOHN: I am sorry I can't reinstall our second vice president, Mr. Mitchell, but I think perhaps I ought to get Mr. Fogler up here to act as his proxy. Mr. Fogler will say a few words on behalf of Mr. Mitchell?

MR. FOGLER: Mr. President, when I left Art Mitchell the day before I came to the convention, you know he is one of the most congenial fellows, always a smile on his face, but that day he took out his handkerchief and he had a couple of tears on his face. He wanted to come, but he could not come, and he instructed me to say his sincerest wishes for success for the newly elected officers and the members of the Board of Governors and that he will support in any way all matters that will come before this convention, and it is my great pleasure that I am taking Mr. Mitchell's place, and I will convey your wishes to Mr. Mitchell when I return to San Francisco. Mr. Mitchell is at present at Bakersfield. Mr. Chairman, I may be out of order but I would like to call Mike Powills over here. I think he has a few words to say.

MR. POWILLS: I certainly concur in everything that Mr. Fogler has said. He fully fortified me with the fact that that official message had been given to Mr. Fogler, but if perchance between the fair city of Frisco, and the fair city of Davenport, Mr. Fogler went astray for any reason, I was to carry on. It was my privilege and pleasure to visit with my host in Bakersfield, and Ralph does symbolize a real numismatist, a real fellow, that I am sure that the Association can very proudly say that he is our second vice president.

MR. KORTJOHN: Thank you, Mr. Powills. Now, Mr. Fogler, as Mr. Mitchell's proxy, will you step up to the desk? The next name on the list is the name of the man of all works, Lewis M. Reagan. (Loud applause)

VOICES: Speech!

MR. KORTJOHN: The continued applause of the members presented here is indicative of the high regard with which they hold him. They are in good hands when they have elected Mr. Reagan as their secretary for another year, and we hope that Mr. Reagan will continue for many, many years in the future. Do we have to tell you your duties, Mr. Reagan? (Laughter) Mr. Reagan wants to say a few words.

MR. REAGAN: It's very cold in Kansas in the winter, but the weather we have had during the last six weeks has taken all the frost out of the ground, I understand. I think I am in a position to carry

on without being too uncomfortable. I appreciate the vote of confidence you have expressed in me, and I am also glad to be authorized to destroy the ballots so that I don't have to carry the trunk back with me.

MR. KORTJOHN: Thank you, Mr. Reagan. The next name is that of our revered treasurer, George H. Blake, and I think I shall appoint Mr. Douglas as a proxy to tell Mr. Blake that he has been reelected and to ask him to continue to serve in the faithful manner in which he has done so in the past. Will you carry that back to New Jersey and tell Mr. Blake as soon as you get back?

MR. DOUGLAS: I shall, Mr. Kortjohn. (Applause)

MR. KORTJOHN: Is Mrs. Hammer here? Mrs. Hammer, will you please come up to the desk and act as proxy for Ted? As all of you know, Mrs. Hammer is the assistant librarian, although not elected as such. I guess she really does the work of the librarian and she will continue to do so in the efficient manner that it has been done in the past several years under the custodianship of Ted. Keep up the good work and send out more and more books. Do you want to say a few words?

MRS. HAMMER: Well, I can only say this, my husband will be sincerely grateful for the appreciation you have shown him, and the cooperation you have given him in the past. I thank you.

MR. KORTJOHN: Now, I am going to ask all five of the new members of the Board of Governors to please step up to the desk and be received in due form. Mr. Yeoman, Mr. Sheldon, Dr. Judd, Col. Moss, and Loyd Gettys, under your custodianship and with the additional help of the president and the first vice president, the Association's affairs will be carried on for the ensuing year. The members have put their entire trust in the Executive Board and can feel sure that they have elected seven men, good and true, to carry on in the manner in which they expect. Keep up the good work that has been done in the past. Thank you, Mr. President, for this pleasure I have had in installing the officers for the ensuing year. (Applause)

PRESIDENT BELT: Thank you, Mr. Kortjohn, for your installation. All of those who have been installed are duly installed in office and take over the duties and responsibilities to the best of their respective ability.

MR. KORTJOHN: To start right now.

PRESIDENT BELT: Yes, sir; is there any change in our program for this afternoon, Mr. Gettys? Are there any announcements you wish to make?

MR. GETTYS: Yes, sir, the banquet this evening will start promptly at seven. Please be here five or ten minutes before.

PRESIDENT BELT: Are there any other announcements to be made by anyone. I am again requested to read an announcement that I made earlier. There will be a meeting of all the District Secretaries immediately following the business meeting on the mezzanine, and I am going to suggest that it be right over here on this side, all District Secretaries, immediately following this meeting. Now, on behalf of the official organization, I wish to say that the newly elected Board of Governors, your governing body will be organized and in session at 1:30 o'clock this afternoon in Room 222. It's a hard number to remember, I repeat it, Room 222, on the mezzanine floor, the one right over here. Everyone

is welcome. I do not mean by that you are welcome to come to the Board meeting, but everyone is welcome that has anything to offer for the consideration of the Board to come to that room, and you will be taken care of as promptly as possible. If there is nothing else, I am going to declare this meeting officially closed, and it is so ordered.

### REPORT OF THE EDUCATION COMMITTEE

The Committee on Education wish to report that the little progress made during the past year in our work is due to set-backs from resignations of three members of our committee. Mr. Bullowa of the Modern European section and Mr. Mosher of the Medieval section resigned, and your chairman felt she could not write the United States section because of eye-strain suffered this year. A new member of the committee Harvey Sherwood of Kalamazoo, Michigan, will write the Modern European section. The Medieval and United States sections are still wanting writers. These men must be secured before the manual can be fully written.

Mr. Reagan is to write the Ancient History section. He expects to write his section during the next year, as does Mr. Sherwood. Mr. Brown's section on the History of Coinage is already written.

In January, 1946, your chairman wrote a letter to the A. N. A. Official Family and to the GEACC, containing the following four suggestions of how to further the A. N. A.'s educational work. First: We might have an exhibit of coins, etc. for each section of the manual, using the A. N. A.'s coin collection recently given us, as a nucleus. These exhibits would

be in the possession of the A. N. A., to be lent for a certain period to the schools requesting the loan of them. A committee should be in charge of the exhibits and the lending of them. Second: The A. N. A.'s slides could be used to illustrate the coins in the exhibits mentioned in our first suggestion; also the slides could be used by the persons who talk at the teachers' conventions concerning our manual and our plan for educating our high school students in numismatics. Third: The manual should be given free to interested teachers and schools, and to libraries. Fourth: An annual prize of \$50 or perhaps \$100 might be given to the pupil in our high schools throughout the country who would write the best essay on numismatics each year. A committee should be appointed to decide on the topic and to select the winning essay.

These suggestions would tie together the work of the Education Committee and the Slide Committee and the Publications Committee, and would make use of the coins the A. N. A. now possesses. Thus the plan coordinates most of the A. N. A.'s plans for education in numismatics.

Your Education Committee would appreciate having these suggestions discussed and an over-all plan made, if possible, at the convention. Our manner of writing the manual will be guided by your decisions.

The \$250 allotted to the work of the manual has never been used, and will not be needed until the publishing of it. It is requested, however, that the same amount be appropriated this year for future use by the Education Committee.

EMILY LARSON BROOKES  
Chairman of the Education Committee.

### EDWARD T. NEWELL MEMORIAL EXTENSION OF NUMISMATIC KNOWLEDGE COMMITTEE REPORT

This Committee was charged, at the New York City Board meeting, 1945, to complete as expeditiously as possible the projection slides in the process of making. Progress of this work has been limited to the making of slides covering types of U. S. patterns in the Dr. Judd collection. Nearly all material on hand was exhausted early this year, and while additional stocks of plastic and frame material was ordered in November of 1945 we received delivery in July 1946. Only now is the committee in possession of all needed supplies to carry on the making up of complete lecture sets.

All of the planning arrangement for classifying, numbering and codifying the slides for distribution purposes was finished. The slides now as completed can be released directly to the Educational Committee.

At this time your Illustration Committee has impressed approximately 2600 slides. The processing of these into metal frames will be the first attention of the new committee to be appointed by the next Board. It is the recommendation that the illustration slides as completed into sets be used as basic numismatic material for furthering education in connection with any manual that may be arranged by the Committee on Education.

Respectfully submitted,

Committee:

C. E. GREEN  
T. R. HAMMER  
R. L. MCBRIEN  
STUART MOSHER, Advis.  
M. VERNON SHELDON, Chairman

## REPORTS OF A. N. A. DISTRICT SECRETARIES

Following are the reports of District Secretaries submitted to the A. N. A. Annual Convention held in Davenport, Iowa, August 17 to 21, 1946. They show what these officers have accomplished during the last year and the plans they have for the future. Several of the more lengthy reports have been condensed but all vital information is given.

### A. V. Von Rhein for Arizona

During the past year membership in our Association has made considerable gain, this I believe has been due to our activity in the Phoenix Coin Club.

During the past year we competed nationally and were fortunate in securing second place in the National Coin Week awards. Of this fact we are extremely proud.

It is our aim in the coming year to institute new clubs in Tucson and Yuma. Already a nucleus for a club has been found in Tucson.

I regret to report the death of two faithful members of the A. N. A., they being Mrs. Plimpton and Roy Rigdon.

While the past year has been a trying one, in which your Secretary has not been able to successfully follow out the plans laid out, he will in the coming year devote more time and obtain greater results than he has in the past.

### Edward Fogler for Northern California

The Pacific Coast Numismatic Society, which is the only numismatic group in this district is a very growing and enthusiastic Society. Most of the members of the Society are already members of the A. N. A. but during the past year I have succeeded in procuring about 20 new members.

The Pacific Coast Numismatic Society contemplated during the year to submit to the Convention to be held at Davenport, Iowa, the bid to bring the 1949 Convention to San Francisco, to celebrate the Centennial of the discovery of gold in 1849. It seems that this bid is more or less premature, but through inquiries we found that booking of Conventions for that year are very heavy. So not to be caught in the last rush, I was empowered to submit the bid at this convention in person. The movement is fully supported by the California Coin Club of Los Angeles, Orange County Coin Club, Santa Monica and Pasadena coin clubs and the Oregon Numismatic Society. I am well fortified with invitations of the Mayor of San Francisco, the S. F. Chamber of Commerce and the S. F. Convention Bureau, and I hope that I will be successful with the bid. The last Convention of the A. N. A. was held in San Francisco in 1915, during the Panama Pacific International Exposition and at that time the Pacific Coast Numismatic Society was organized by our great friend, Farran Zerbe.

### Kenneth W. Lee for Southern California

Good news from Southern California of a growing interest for joint meetings between clubs, and the fostering of new ideas from one group to another guarantees a better general interest in Numismatics. The annual banquet and installation between the Orange County Coin Club and the California Coin Club; the joint dinner-meeting between members of the Orange County Coin Club and the San Diego Numismatic Society; a hobby show sponsored by the Orange County Coin Club and several proposed joint trips and meetings this fall—all bespeaks of growing interest and activity.

One new club reported in this vicinity—at Fresno, and a very active group formed and functioning. We are planning a group visitation to the new club this fall—also several others to outlying clubs in this district.

Our new membership applications have not been too much above normal, and yet it seems that the active interest generally is greater now than ever before, and if we can get our active members in the outlying sections into an active club group, which has been quite a handicap in the distances here, we will really have Numismatics on the march in California. And re-

member—California is looking forward to the National Convention in 1949—our Centennial year for the celebration of the Gold Rush. So, our slogan is "Keep It In Mind—It's CALIFORNIA in '49!"

**Norman B. Mason for Ontario, Canada**

The Toronto Coin Club has been unusually active during the last year. Semi-monthly meetings have been held and a number of outside exhibits put on. The Club participated in a radio program which explained to the listeners some of the highlights of numismatics.

All enquiries have been promptly answered and two new members have been obtained for the A. N. A.

**Philip W. Whiteley, Lt. Col., MC, for Colorado**

Membership: There has been an increase in membership. You are in a position to know how many. The interest in numismatics has increased since V-J Day.

Clubs: We now have coin clubs in Denver, Colorado Springs, and Greeley, Colorado. No new clubs are in prospect at this time. Visitation between clubs has been encouraged. Several joint meetings have been held. Planned programs have been encouraged.

National Coin Week Displays: Denver, Colorado Springs, and Greeley made a creditable showing. Pictures were forwarded of the Denver display. The Rocky Mountain Numismatic Society maintains a permanent display of Greek coins in the Denver Art Museum.

**Sidney H. Tear for North Carolina**

Since January, 1946, A. N. A. has been on an increase in the old North State of North Carolina and our hopes for an even greater increase of A. N. A. members in N. C. for the remainder of the year and 1947 is very bright. The main numismatic event this year thus far has been the growth and progress of the Asheville Coin Club which has tripled in membership since its formation in November '45. Ten new A. N. A. members have been enrolled in N. C. since January, including the A. C. C. as a corporate club. National Coin Week was generally considered to be a success in North Carolina with the A. C. C. displaying a nice coin exhibit in Asheville which was viewed by thousands of Carolinians and visitors to the "Land of the Sky."

There are a large number of coin collectors who collect coins on a small scale in North Carolina and it is my hope that a goodly number of these collectors will become A. N. A. and local club members in the near future.

**C. Shirley Leachman for District of Columbia**

The Washington Numismatic Society which is the only numismatic society in this district has been very active during the past year and new applications for membership are received at most every meeting.

The total for the year just ending in the District of Columbia and nearby Virginia is twenty-six and I have a record of one death.

During National Coin Week several of our members placed exhibits in show windows and one of our members made two talks on the radio during the week.

I want to thank the General Secretary for the assistance he has given me during the past year, compliment the outgoing officers for the fine showing they have made and express my good wishes to the incoming ones.

**Frank J. Katzen for Connecticut**

I believe I sponsored more new A. N. A. members this year than last when the total was 25. This was the largest number obtained by any member excluding past and present General Secretaries. Many of these members were obtained as a result of speaking to organizations and service clubs. During the past year I gave talks to five Rotary Clubs, two Church Organizations, two Lions Clubs, a Civic Group and at the New Haven Women's Club Hobby Show.

Progress has been made by the four clubs in Connecticut, namely, Milford Coin Club, Hartford Numismatic Society, New Haven Numismatic Society

and the Fairfield County (Bridgeport) Numismatic Association. These clubs have all gained new members and have promoted good fellowship among collectors. The Hartford Club had their annual banquet several months ago which was well attended by collectors from three states. The Milford and New Haven clubs both have their annual dinners planned for this fall, while the Bridgeport group are scheduled to meet at the shore for a picnic.

I have plans underway to help start a new club for collectors living in New London and Norwich in the Eastern part of the state, as well as helping to stimulate interest in the revival of the club in Waterbury. Progress on these two matters will be reported in *The Numismatist*.

At the June meeting of the Milford Coin Club, I suggested the creation of the NEW ENGLAND NUMISMATIC ASSOCIATION. This proposal was voted on and approved by the Club, who will now take the initiative to further the idea. Having attended the Des Moines meeting of the Iowa Numismatic Association I was both surprised and pleased at the success of these regional yearly meetings. New England with over 700 collectors could profit socially and numismatically by a yearly get-together. The Boston Numismatic Society having just completed their second New England Conference sponsored by them approve of the idea of a New England organization.

#### B. A. Seaby for England

I am pleased to be able to report that during the last 12 months I have been able to introduce a few new members to our association; and now that it is slightly easier to send subscriptions across the water I hope that more and more from this side will become members.

Numismatics in this country is flourishing; last December in our "Coin and Medal Bulletin" I drew attention to the fact that we were very short of numismatic clubs and associations over here and I made the following statement: "In the U. S. A. there are about 100 associations whereas, we only know of seven." I am pleased to be able to report to you that in the last six months this number has been doubled.

During the war years, we have had the great pleasure of meeting a large number of Americans who have called at the office and we certainly miss them at present; but we hope that when people start once again taking holidays in Europe that we shall see many old friends, as well as many of those with whom we have corresponded but never seen.

#### J. J. Gonzales for Georgia

Gratified that we continue onward in Georgia and would that my efforts had brought better results the past year. However, I have often concluded that; NUMISMATISTS ARE PRECONCEIVED RATHER THAN FABRICATED.

If reappointed I shall endeavor to make the next, my 25th year, the very best of all.

#### Earl C. Brown for Chicago and Northern Illinois

On February 25, 1946, I received notice of my appointment as District Secretary of A. N. A. for Chicago and Northern Illinois.

Through correspondence with Mr. Paul Ginther of New Holland, Illinois it was decided that "Northern Illinois" would be considered that part of the State lying North of a line drawn across the State from the Southern boundary of Will County on the East to Mercer County on the West. The General Secretary approved this division of the State and Mr. Ginther sent to me addressograph impressions of names and addresses of A. N. A. members in the Northern Illinois district.

I have transmitted to the General Secretary four applications for membership in A. N. A.

#### Paul H. Ginther for Central Illinois

The membership tabulation for Central Illinois as recorded in *THE NUMISMATIST* from August, 1945 to July, 1946 inclusive is as follows: gained by new members, 11; by reinstatement, 1; total, 12. Loss by death, 2; by resignation, 4; total, 6. This shows a net gain of 6 members for the year. One member was admitted to life membership.

A hobby and antique show was held in Peoria, Illinois during the last week of April, 1946. Among the large amount of material shown were several exhibits of numismatic material, including a case of Lincoln Medals by the District Secretary. These exhibits aroused much interest.

An experimental advertisement was inserted in one of the nearby city newspapers to call the attention of coin collectors to the benefits derived from membership in the A. N. A. A few replies were received but of insufficient number to justify the repetition of.

#### **C. T. Shelby for Indiana**

Interest in numismatics in Indiana has shown a remarkable gain in the past few years. A steady increase in Indiana memberships in the A. N. A. has resulted and the increase is due largely to formation of five active clubs in the state, namely, Indianapolis, Elkhart, Calumet, Anderson, and Muncie.

With reference to the current year, the Indianapolis Club has been very active with an average attendance at monthly meetings of 25. Their Open House meeting which was held in May on Saturday brought collectors from all parts of the state, Ohio and Illinois. About 150 were registered. Many fine exhibits and an auction were featured. The Indianapolis Club is now making plans to entertain the C. S. N. S. Convention in 1947.

The Elkhart Club which was organized in June, 1945 has made fine progress.

The Anderson Club has been active throughout the year and while their membership is small their monthly meetings have been well supported by the Indianapolis and Muncie clubs.

The Muncie Club with a membership of 25 and an average monthly attendance of 10 held their annual Open House meeting on the last Sunday in April. The attendance was over a hundred and 55 cases of coins were exhibited. Collectors from fifteen Indiana cities as well as many from Ohio attended.

The Calumet Club needs no introductions as they have been active for several years. Their meetings are well attended.

All clubs participated in National Coin Week. The Elkhart Club received honorable mention for its activities.

Your Secretary suggests the appointment of an additional District Secretary for Northern Indiana.

#### **Lewis K. Ferguson for Northwest Iowa**

As district secretary for Northwest Iowa, there have been no hits, no runs and probably plenty of errors.

I have been out of the army just a few months when the appointment was made, and between that and going to school, and trying to get a new business started I have been busy day and night.

I have submitted the names of two persons for membership while at Des Moines for the I. N. A., but these should be credited to Gettys.

After the first of the year there is every reason why I should be able to get "on the ball."

#### **Walter P. Bohler for Southwestern Iowa**

The Numismatic Activities in Iowa during the last year were very encouraging but some of the clubs that ceased activities during the war have not been resumed.

We are very proud of the fact that the American Numismatic Association has honored us with their Convention in Iowa this year.

Our Iowa State Numismatic Association has increased their membership 53 members and the New Bulletin of the I. N. A. has been very successful and has received a very fine acceptance throughout all parts of the Globe.

Our Des Moines Coin Club has been very active throughout the year and has gained 17 new members. They were hosts to the Iowa Numismatic Association Convention this Spring which was very successful and very well attended in spite of the rail strike.

The American Numismatic Association gained about 30 new members in Iowa this last year which also includes 3 new Life Members. We hope with transportation facilities increasing that there may be a greater number of joint meetings with other Clubs, inactive clubs revived and the possibilities of new Clubs organized.

**Theo. G. Kaufman for Louisiana**

Under date of February 9, 1946 I received a letter from Pres. V. Leon Belt naming me to the office of District Secretary for Louisiana.

My first action was to make contact with the A. N. A. members at New Orleans, looking toward the improvement of activity there. This I considered my first duty as that is the best and most prolific field for expansion and improvement in Louisiana. Also inquired about the newly organized Crescent City Coin Club and made contact with the President of the new club.

Contacted the secretary of the Fugio Coin Club, Shreveport, La. by letter concerning an Assistant Secretary for their Club, and a Chairman for Coin Week. Corresponded at length with L. W. Culver on this subject. However, was not able to arouse any particular interest at this time in coin displays. Also made several long distance calls and wrote a large number of letters to the various members and club officials concerning the present and future status of the activity for the A. N. A. in Louisiana.

Made a visit to the Crescent City Coin Club at their meeting on March 14th and discussed with them the advisability of membership in the A. N. A. At this meeting they passed a resolution recommending membership in the A. N. A. as a corporate member. Many of their members presently are members in the Association and more are expected to join. Made a long distance call to the past secretary of the Fugio Coin Club at Shreveport as a followup to previous correspondence.

Contacted many of the members of the A. N. A. in Baton Rouge with reference to Association activity and the possibility of a coin club at Baton Rouge. This proposal was heartily received.

Circularized the entire membership in Louisiana asking each member to bring in a new member for the Association for this year. This request seems to have had a fair amount of success. Also sent invitations to all persons recommended to me as possible members for the A. N. A. requesting that they join with us. Have also written to all new members joining the Association from Louisiana as they were reported by the General Secretary in the Monthly Journal.

Made a partial report to President Belt, giving details of work accomplished through April, 1946.

Had several conferences with members at Baton Rouge concerning the proposed new coin club there. As a result the Baton Rouge Coin Club has been formed and is now functioning. Officers and Committees were named at the meeting held August 1st. They started with 11 members, all affiliated with the Association. The Club plans to join the Association as a corporate member at a later date.

Have secured four new members during the past year and the membership for Louisiana has shown an increase of 19 members.

**Malcolm O. E. Chell-Frost for Massachusetts**

The second New England Conference was held July 20th at the Copley Plaza Hotel with Mr. and Mrs. Damon Douglas and George H. Blake present. Fifty people were in attendance. It was highly successful.

The Boston Numismatic Society finally won first honors in National Coin Week competition after three years of winning second honors.

Founded in Worcester, Mass., this year a new coin club. Meetings to be held at the Worcester Museum of Natural Arts, monthly. This club will be very active I predict. Also will be an associate member of the A. N. A.

The Boston Chamber of Commerce is co-operating with the Boston Numismatic Society to seek the A. N. A. convention for Boston, Mass. in 1947.

I hope all those whom I proposed for membership are enjoying benefits from the Association and also from THE NUMISMATIST. I thank all who helped me further the A. N. A. and will keep striving to secure more members especially among the young people.

ACTION . . . Speaks louder than words.

**Gerald W. Huber for Western Minnesota**

As in all other parts of the country, numismatic interest is reaching a new high in Minnesota. Frankly, it is reaching the proportions that will require a change of handling and organization if we are to continue sharing the benefits with each collector. The lack of organized and affiliated clubs

seems to be our largest drawback. The Northwest Coin Club, of Minneapolis and St. Paul, is the only chartered and corporate club in the state. Since over 70% of its members are also members of the American Numismatic Association the club would seem to have a personal interest in the matter.

To aid this situation we have discussed the possibility of holding a meeting for all Minnesota A. N. A. members with the Northwest Coin Club as host. This meeting would be held during the early half of next year and should serve as a real get-together for a large number of members lacking in local club activities. Of course, it would also give us the opportunity of selling them on the idea and merits of their own clubs. Such a venture, if successful, would not only enlarge the interest in the hobby but would show a sizable increase in the A. N. A. membership, a benefit all collectors should enjoy.

The activities of the year proved very gratifying. National Coin Week was spoken of only in terms of success. Outstanding displays were held in Minneapolis, St. Paul, Austin, Duluth, St. Cloud and several other cities. A hobby show held in Minneapolis drew large entries in all divisions of numismatics. Several business concerns have donated display space for coins and currency and seem most anxious to obtain such unusual advertising material. The State Fair has accommodations for all collectors wishing to show the results of their hobby and offers cash prizes and ribbons as an incentive.

#### **Al. Wick for Eastern Missouri**

Our report is that many are interested in coin collecting, and we are increasing the interest in others through our Missouri Numismatic Association, of which I am secretary.

This year we participated in the Coin-of-the-Week program for the first time with very fine results, and with an interest to participate in them more next year.

We also intend to increase our membership in the A. N. A. through closer cooperation with other District Secretaries, and by closer follow-up of the membership list and new members as they come in.

#### **Herbert E. Rowold for Western Missouri**

While Missouri has done nothing sensational during the year just ended, it is going along at the same pace that it has maintained for years.

A. N. A. membership has increased in about the same proportion as in past years and local club activities have been of a higher standard than in past years.

The Heart of America Numismatic Association again participated in National Coin Week and again carried away its share of prizes and honorable mention awards.

Kansas City, this year will have the largest registration at the A. N. A. convention than ever before in all A. N. A. history and that will hold for Missouri as well.

The H. A. N. A. has discussed, favorably, of bidding for the A. N. A. convention in the near future, which your District Secretary hopes will be in 1950, the centennial year of Kansas City, Missouri.

#### **Joseph Barnet for New York City**

While my health has not permitted me to travel much during the last year I am pleased to report that numismatic activity in New York City is generally better than in past years. All local clubs have increased in membership and many new members have been added to the A. N. A.

#### **J. M. Taylor for Western New York**

Numismatic activities in this District during the past year have been quite active. Twenty two new members from this District have been admitted to membership in the A. N. A., ten of which were from Buffalo.

The attendance at our local Club has shown an increase over the preceding year.

In February the local Club held a dinner at the Markeen Hotel. It was a very successful meeting and there was a large attendance, several coming from out of town.

During the second week of May the Buffalo Historical Society and the writer displayed a considerable amount of numismatic material at the Buffalo Savings Bank. The occasion was to commemorate the One Hundredth Anniversary of the Buffalo Savings Bank. The exhibits were viewed by about 30,000 persons.

On May 25th a joint meeting was held in Batavia between the Rochester and Buffalo Coin Clubs.

In June a radio program "Quiz of two Cities" was held between the Rochester and Buffalo Coin Clubs. The Buffalo Club was declared the winner.

#### Vernon L. Oblisk for Ohio

As a new member of the District Secretaries' family, having been appointed March 1, 1946, I wish to report the membership tabulation for Ohio as recorded in THE NUMISMATIST from March 1946 to July 1946 inclusive is as follows: gained by new members, 59; by re-instatement, 4; which shows a net gain of 63. Appreciation is expressed to all who helped to make the increase possible.

Displays were made at the Akron Public Library and City Loan Co. during National Coin Week. The displays commanded so much attention that National Coin Week was extended to 3 weeks. Thanks to the assistance of members of the Akron Coin Club in making the displays a success.

I am pleased to report that I have been appointed by the Akron Area Council, Boy Scouts of America to serve as Merit Badge Counselor for coin collecting in the Akron and Barberton Districts. I also serve as a clearing house for "Coin Queries" for the Akron Public Library.

There seems to be an increase in interest in foreign dollar size silver coins and believe articles such as those written by Dudley Butler and A. E. Kelpsh that appeared in the July 1946 issue of THE NUMISMATIST will be a great boon in stimulating interest in numismatics.

#### John R. Slusher for Oregon

We are looking forward out here in the "Oregon Country" and know that our future will be bright in a country where living is worthwhile and "S" mint coins can still be found, not to mention an Oregon Beaver and the Private Gold coins which the early settlers managed to hang on to somehow. (The fun comes when you try to pry one of these loose).

Our membership is increasing steadily and we hope to have an A. N. A. member in every sizable community before many more years have passed. The Oregon Numismatic Society, an affiliate, has 65 to 70 members about half of whom belong to the A. N. A. So it can be seen that our interest is national as well as local.

With regret that I can't be there in person and the hope that I may see many of you at the 1949 Convention here on the Pacific Coast, I remain,

#### Arthur Sipe for Eastern Pennsylvania

The numismatists in the Philadelphia area have been very active during the past year.

The Philadelphia Coin Club has held monthly meetings with an average attendance of 38. The annual dinner was held in October 1945 and a semi-annual dinner meeting in April 1946.

Several members including myself had the pleasure of attending different meetings of the Philadelphia Electric Co. Coin Club which is a part of the Company's hobby group. Three members of the Philadelphia Coin Club served as judges for the coin exhibit at the Philadelphia Electric Co. hobby show.

National Coin Week was introduced in Philadelphia thru the efforts of members of the Philadelphia Coin Club by a radio broadcast. It was further promoted by exhibits in the Philadelphia Free Library, several banks, and with an excellent window exhibit in Wanamaker's Men's Store. An outstanding window display in the Philadelphia Electric Co. Bldg. by their club was also a highlight of the week.

We deeply mourn the loss of two esteemed members of the A. N. A. and of the Philadelphia Coin Club who passed on during the year, namely, James G. MacCallister and Roscoe F. Ballard.

The American Numismatic Association has been brought to the attention of the local clubs at every opportunity in an effort to encourage interest in our mutual hobby and to build the membership of the association.

#### Horace M. Grant for Rhode Island

As Rhode Island is the smallest state in the Union you can naturally look for the smallest number of coin collectors and the least activity. I regret to advise that we have been unable to reorganize the Rhode Island Coin Club, due to conditions over which we have no control, however I am pleased to report that an effort is being made to reorganize and I feel sure that within the next sixty days the Club will again be functioning.

Your district secretary has obtained only eight new members for the A. N. A. during the last year and deserves a severe reprimand, not only for the small number of members obtained but for the undue delay in submitting this report.

#### A. N. Hanten for South Dakota

Pleased to report the gain of four new members during the last year. Have made many contacts and expect a substantial gain in 1947. The interest of both old and new collectors in the state has been stimulated by the splendid auction sales held by various dealers throughout the country. The breaking up of these famous collections has been a good thing for numismatics in general.

#### O. L. Lewis for Virginia

Interest in numismatics in the "Old Dominion" appears to be about normal. Judging from the steady increase in membership in the American Numismatic Association the outlook is promising though not by any means flattering to a District Secretary. During the numismatic year ending July 31, 1946, it has been my privilege as District Secretary to sponsor and/or transmit to the General Secretary the names of nine applicants for membership in the A. N. A., six being from Richmond and vicinity, two from Norfolk and one from District of Columbia, which represented almost 100% of the collectors whom I was able to contact personally.

Interest manifested by the members of the Richmond Coin Club is, with the exception of about 30% of the members, limited merely to paying their annual dues, but even this indicates a passive interest. In January, 1941, the Richmond Club numbered 21 Charter members. Many additional members have been added from time to time and of these a few have become delinquent. At the end of July, 1946, the active membership numbers exactly 21, and of this number only 8 are Charter members, (death having claimed four) and three are non-resident and one in the military service. During the year ending July, 1946, the average attendance of members was 6, and of these only one Charter member has attended regularly.

On several occasions the number of guests equalled or exceeded the number of members, despite the fact that at every meeting a varied display and some unusual programs have been offered. On one occasion we were favored by an illustrated lecture by the Chief of the Secret Service Bureau in Richmond. On all such special occasions, the most active interest is displayed in general by the newer members, though there are those faithful few who have become real numismatists, and as such are ever ready to offer helpful advice and suggestions to those less experienced, and to stimulate a deeper love of the science from the artistic, historical and economic or political history behind each coin or note. We are hopeful that more "collectors" may eventually evolve into real "NUMISMATISTS."

## NOTES AND QUERIES

### Blames Tarnish on DDT Bombs

Dear Editor:

Modern science is wonderful. It gives us DDT bombs to rid our homes of all insect pests. But since using this bomb a couple of times I notice that my new silver coins are terribly tarnished. This never happened before. Is this new bomb to blame?

Has any other collector had a similar experience? What is the suggested remedy?

H. K. CROFOOT,  
Moravia, New York

Note: Exposing new silver coins to DDT spray will soon determine if it is the cause of the tarnish. If it is, the only remedy is to keep the coins away from the active DDT.—Editor.

### Rare Coins and Currency Seized

Robert K. White, Buffalo, N. Y., who claims to have been a coin collector "for a long time," was arrested September 7, by detectives in that city. In his possession was found a toy pistol and a choice lot of numismatic material.

White did not use the pistol as an aid in the pursuit of his hobby. He had a special rubber stamp made to "certify" checks drawn on out of town banks and signed with the name of coin dealers obtained by consulting a "coin book." At least one check was accepted but White's luck failed when he attempted to sell some of the rare notes to a coin dealer in Buffalo.

### Thick and Thin Coppers of 1795

Dear Mr. Mosher:

Some one missed the true answer to the question of "J. S., New York" about "Thick and Thin Coppers of 1795"—The Numismatist, September 1946, page 1052.

On January 28, 1796 President Washington issued a "Proclamation" in which he said *inter alia* "Whereas, on account of the increased price of copper and expense of coinage I have thought it would be for the benefit of the United States to reduce the weight of copper coin of the United

States 1 penny-weight and 16 grains in each cent and in like proportion in each half cent and the same has since the 27th day of December last been reduced accordingly."

"I hereby give notice thereof and that all cents and half cents coined at the Mint of the United States from and after the said 27th day of December are to weigh the cents each 7 penny-weights and the half cents each 3 penny-weights and 12 grains."

This answers the question.

Sincerely yours,

GEORGE H. CLAPP,

Sept. 22, 1946

Sewickley, Pa.

### "N" Stands for "Night"

Dear Editor:

I was interested in W. O. Hutt's letter on the tokens of Castries, St. Lucia, which appeared on page 918 of the August issue.

If you will refer to the October 1942 issue, page 711, you will find an article which I wrote describing 17 varieties of these coaling tokens. This variety illustrated was apparently issued since then, for the original name, "Peter Coal Company, Limited," has been slightly changed.

You will note from my article that the letter "N" stands for "Night." Tokens so marked are redeemed at a higher rate than those given out for day work.

Very truly yours,

—J. DOUGLAS FERGUSON,  
Rock Island, Quebec

### Toledo Club to Hold Open House

On Friday evening, December 13, 1946, at 7:30 P. M., the Toledo Coin Club is holding an Open House meeting for all collectors and dealers in this area, at the I. O. O. F. Hall, Monroe and 17th Streets, Toledo, Ohio.

A fine exhibit and entertainment is promised for all.

Overnight reservations available by notifying S. L. Szyperksi, 222 Austin Street, Toledo, Ohio.

## FROM THE DESK OF THE GENERAL SECRETARY

LEWIS M. REAGAN  
P. O. Box 577  
Wichita 1, Kans.

This page appears from time to time for the purpose of official announcements from this office and for such other remarks or comments as may seem necessary or appropriate.

#### Collection of Dues

In late November or early December you should receive a statement for your 1947 dues. Your prompt attention will be appreciated and it will greatly facilitate matters and help to avoid error if the statement is returned with the remittance. It will be receipted and returned to you together with your membership card. Advance payments or credits will be indicated and adjustment of account to calendar year basis will be made for members admitted during the past year. Please notify this office immediately if you find any error in the statement.

Membership cards for 1947 will bear name, membership number and date of payment of dues, but will not include your address. This change of style permits the preparation of cards in advance, without waste due to changes of address, and saves considerable time.

#### To Corporate Members

In connection with the recent revision of the By-Laws the separate class of membership known as Corporate Membership was discontinued but all such members were transferred to Regular Membership, and provision made for any club or society formerly eligible for Corporate Membership to be now eligible for Regular Membership. Membership numbers, dues and privileges remain the same. Secretaries of local clubs are

again reminded that reports of change of officers, address, time or place of meeting should be sent both to the Editor and the General Secretary. All other changes of address need be reported only to the General Secretary.

#### Change in Admission Requirements

It has been customary to publish new applications in The Numismatist within 60 days of date of receipt and the notice of admission to membership in the following issue. The revised By-Laws now provide that notice of admission to membership shall be made in the second issue following that of publication of the application. To put this change into effect, applications published in November will be admitted in January. No admissions to membership will be made in December.

#### Change in Life Membership Requirements

The new By-Laws provide that applicants for Life Membership must be Regular members of at least three years standing (instead of five years) but membership in local organizations may not be counted as partial fulfilment of the requirement. However, any period of Associate Membership or Junior Membership may be counted as part or all of this requirement. On January 1, 1947 the Life Membership fee will be increased to \$75.00. Prior to that date it remains at \$50.00. A special application form is required, which may be obtained from the General Secretary, and such applications must be proposed by Life Members and approved by the Executive Board.

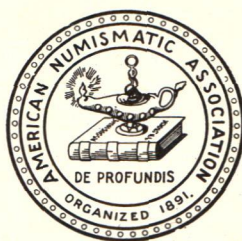

#### To District Secretaries

The circular attached to the standard application form has been revised somewhat and it is suggested that you study it carefully. The shortage of paper and the impossibility of anticipating exact requirements make it necessary to limit the number of extra copies printed each month. The subscription plan indicated on the application form has been in unofficial operation for several years and will be followed strictly as long as the present shortages last.

Please watch this page for further announcements.

## REPORTS OF CLUB MEETINGS

**SECRETARIES PLEASE NOTE:** Reports should be made promptly. Copy must be received by the 10th of the month to insure insertion in the following month's issue. As a usual thing a copy of the minutes is sent in, and almost invariably a number of items of local concern only must be cancelled. The justification for publishing these accounts lies in the numismatic information—and encouragement—to be derived by collectors generally, regardless of location. On this basis we feel it advisable to revise and condense, and, incidentally, the by-product of this course is conservation of valuable space.

**ATLANTA COIN CLUB**—The 334th meeting was held October 2, at the Henry Grady Hotel. H. H. Joyner presided over the 13 members attending.

The formation of a Southeastern Numismatic Association was discussed. Mr. Walton was appointed to visit various clubs in an effort to arouse interest.

Dr. Schaefer will speak on Chinese Temple money in November.

Mr. Gayhart's application for membership was received and he was duly made a member.

Mr. Ames made a nice talk on ways and means of reviving interest in our club as evidenced by small attendance.

Mr. Morris gave us a report on the A. N. A. convention which he, Mrs. Morris and some other members attended in Davenport, Iowa, last month.

Mrs. Morris had several pictures made at the convention, some newspaper clippings pertaining to the convention and a set of the Iowa Centennial Medals which she displayed.

Mr. Morris made a very interesting and educational talk on the currency of the United States, covering each and every issue up to and including our present small size currency and as he had specimens of each issue of notes on display his talk was really worthwhile.

Mr. Mergenthaler had a nice lot Proof and uncirculated coins from cents to half dollars on display and intimated that most of these coins are for sale.

Other displays were some uncut sheets of Fractional Currency, large and small notes. These were by Mr. Morris also.

He finds it most difficult to acquire coins, even the uncirculated coins of Venezuela.

Mr. Kortjohn then read a paper written by Mr. Henry Hering on the designing and striking of the ten and twenty dollar St. Gaudens gold pieces in 1906 and 1907. This paper will be preserved as requested by the writer and will be submitted for publication at some time in the future.

An article on the subject of the Ming notes written by Stuart Mosher was read by President Clark. Mrs. Charles presented information concerning the Booker T. Washington and Iowa Centennial commemorative pieces and Lester Oyler was appointed as agent to take orders for these coins.

President Larson then introduced the speaker, Crest Lazaro, his subject being "A Numismatic Awakening." This proved to be, not an ordinary awakening, but a golden awakening which few numismatists can hope to experience, for Mr. Lazaro's exhibit included no less than 235 gold coins, dating from early Greek and Roman times, down through the medieval periods into modern times. Included therein was an 1883 gold bar, early private issues, and many other rarities. A gold aureus of Nero occupied a niche beside a modern Japanese gold piece, and the value and beauty of the collection was remarkable, particularly in view of the fact that Mr. Lazaro has been a collector scarcely more than four years.

Mr. Lazaro's paper stressed the hobby points of education and relaxation, and noted the fact that much of the gold used in the ancient coins came from war booty, and that both war and peace were concerned with the matter of gold. The gold coins displayed may actually have rested in the hands of some Caesar, Alexander, or other monarch. Closing with the usual auction, the meeting was one of the best in the annals of the club.

Mrs. Lewis gave a somewhat detailed account of the proceedings of the A. N. A. Convention.

Mrs. Lewis displayed her bronze medal issued by the Iowa Numismatic Association in commemoration of the first centennial of Iowa Statehood and the eighth anniversary of the founding of the I. N. A.

Mr. Shank displayed, among other acquisitions, his set of bronze, silver and gold United Nations' monetary patterns, which attracted much interest and discussion.

Mr. Lewis had on display some recently acquired rare type set pieces, as well as some British coins and various foreign crowns.

#### ROCHESTER NUMISMATIC ASSOCIATION—

The 773rd Regular Meeting was held on September 17th with President Frank Eichorn presiding. Thirteen members and two visitors were present.

The program of the evening on the 150th Anniversary of the U. S. Dime was given by Frank Eichorn. Eichorn's interesting discussion of the dime was well received, and he was congratulated on his presentation of the subject. In addition, John Pittman also made a few remarks on collecting dimes and illustrated Eichorn's discussion with a representative collection of U. S. Ten-Cent pieces from 1796 to the present time.

The exhibits were:

John Pittman: Complete set of brilliant uncirculated mercury dimes, except 1916-D but including 1942 over 41. Complete set of brilliant proof dimes 1858-1915, most of the dates from 1796-1858 in uncirculated and proof condition including proofs of 1831, 1843, 1845, 1846, 1847, and 1850.

—J. J. PITTMAN, Secretary

#### ROCHESTER NUMISMATIC ASSOCIATION—

The Regular Meeting was held on 10/1/46 with President Frank Eichorn presiding. Seventeen members were present.

Mrs. Ruth G. Thayer and her son, Samuel G. Thayer were unanimously elected to membership in the R. N. A.

All members present were reminded of the meeting of the R. N. A. and the Buffalo Coin Club to be held on 10/5/46 in Batavia.

President Eichorn stated that the annual banquet for the R. N. A. would be held on Saturday, January 4, 1947. That date will mark the Thirty-Fifth Anniversary of the R. N. A.

An article on the proposed elimination of silver coinage in Britain was read. According to the account Great Britain intends to cease minting silver coins and replace those now in circulation with nickel and nickel alloy coins.

Floyd Newell announced that coins for the club's collection have been recently donated by Frank Eichorn, Alphonse Kolb, George Bauer and Floyd Newell. Those donating coins were thanked.

Alphonse Kolb, the club's Medalist, announced that bronze and silver medals of the past four presidents of the R. N. A. are ready for distribution. Inasmuch as it was impossible to get bronze and silver during the war to strike these medals, it was agreed to wait until after the war was over and have all four years' medals made at one time.

Plans were started for the 1947 Hobby Show that will be held in conjunction with the Rochester and Monroe County Fair. Barney Bloom was reappointed chairman.

The program of the evening on "Eighteenth Century English Copper Tokens" was given by Barney Bloom. Bloom's scholarly paper was supplemented by fifty plastic slides (shown by

Floyd Newell) of copper tokens was pointed out and their relationship to English military, business, and political events was brought out in the slides that were shown. A rising vote of thanks was given to Barney Bloom for the excellent manner in which he presented the subject.

The exhibits were:

George J. Bauer: A representative lot of 18th Century English copper tokens in proof and uncirculated condition.

Alphonse Kolb: R. N. A. Presidential medals for 1942, 1943, 1944, and 1945, in silver and bronze.

John J. Pittman: A representative lot of 18th Century English copper tokens in proof and uncirculated condition; 1937 uncirculated set of silver coins of Egypt, 20, 10, 5, and 2 piastres; 1939 uncirculated 20 piastre of Egypt.

**SEATTLE COIN CLUB**—The 122nd Meeting was held at the local Y. M. C. A. Mr. Glickert acted as chairman.

It was reported that the Iowa commemorative half dollar will be available after December 1st. It was also reported that there are few Denver half dollars this year and there will not likely be any San Francisco ones at all.

The report of delegates to Portland, Oregon meeting was given. The Portland Club got out a bronze medal commemorating their meeting. They also had some of these gold plated. It was reported that eleven Seattle members were at the Portland meeting, and all report a fine time. Portland had 104 present at their meeting. They also had a wonderful coin exhibit.

Mr. Hiskins displayed a copper plate set of 1/2, 1, 2 and 4 daler Swedish money.

Miss Van Nise displayed 45 Nuremberg transportation tokens of the time immediately following World War I. She also had a trade token of England in the time of George III.

Norman Campbell had a Byran dollar dating back to the days of Byran and the Campaign of 1896. The coin was of pewter.

Steve Bibler had an Alaska Yukon Pacific Exposition medal and one also for the Portland Fair of 1904. Jerry Wood had 45 1912-S nickels.

The Y. M. C. A. had a request for the Seattle Coin Club to furnish teachers for a coin club class in their Hobby Course they are putting on. It was discussed at some length and was decided for Steve Bibler to go ahead and outline the course and have 2 or 3 members out to each class meeting. The course is to last 8 weeks and to meet for one hour once a week. Dr. Gellerman brought the proposition to the group from the Y. M. C. A. and explained that it was an opportunity for our Club to further coin collecting.

—B. A. TALMADGE, Secretary

**SPRINGFIELD COIN CLUB**—342nd Meeting, held at the Museum of Fine Arts, September 10, 1946. President Wurtz presided with eight members and two guests present.

Mr. Cignoni was appointed assistant Librarian by the Chair to check up the Clubs Library in the continued absence of the Librarian. A brief talk about the New England Conference held at Boston in July was given by Mr. Cignoni, he and President Wurtz attended.

A complete collection of the minor coins of Canada from 1935 to the present day was exhibited by Mr. Wurtz to close the meeting at 9:45 P. M.

—G. L. SANDBURG, Secretary

**WESTCHESTER COUNTY COIN CLUB**—The 147th meeting was held in the New Rochelle Y. M. C. A. on September 17, with seventeen members in attendance. President Weidhaas called the meeting to order.

A round table discussion took place regarding current coin prices and their probable future trend. It was the consensus of opinion that when recognition is given to the degree of inflation that we already have, and then consider

the fact that even with high wartime tax rates producing high revenues we are nevertheless still resorting to deficit financing through unbalanced budgets and rising public debts, the trend of coin prices could hardly go anywhere but upwards.

Mr. Dewey read a paper on "Hard Times Tokens," which although prepared "way back in 1934," covered the subject in well detailed manner. Mr. Friedman held the floor for an interesting half-hour's time during which he covered the activities and doings at the A. N. A. convention in Davenport, Iowa. A large number of silver dollars of various dates and mints were offered by Mr. Weidhaas at all interested at face value, and Mr. Lewis distributed uncirculated 1942 half dollars at face value. Exhibits on the evening's subjects "Hard Times and Civil War tokens" and "Commemorative coins of foreign countries" were as follows:

Mr. Bellus: Complete type set of U. S. 5 cents nickel, complete type sets of Netherlands, Queen Wilhelmina; Egypt, Sultan Hussein Kamil; Lithuania 1925; Russia, Alexander II; Germany, Kaiser Wilhelm II; Greece, King George.

Mr. Brooke: 42 Jackson tokens of 1837 attributed to Lyman Low, numbers including the rare #89; Siam bullet money 1/32, 1/8, 1/4, 1/2 ticals.

Mr. Dewey: Collection of 30 Hard Times tokens; Collection of 200 varieties of Civil War tokens and cards; Commemorative coin—1932—400 Reis Brazil, 400th anniversary of colonization; 1922—500, 1000, 2000 Reis Brazil, commemorating 100th anniversary of independence; 1927—Florin of Australia, opening of Parliament; 1936—Philippine peso, busts of Quezon and Murphy.

Mr. Friedman: Confederate \$50 and \$100 notes; Confederate proof cent 1861; Monetary patterns in silver, gold and bronze of the United Nations; Medals of A. N. A. convention at Davenport, Iowa in gold, silver and copper; U. S. type set from cents to half dollars.

Mr. Jacob: Thirty foreign commemorative coins of Austria, Denmark, China, France, Germany and German states; Seven medals of New York World's Fair, 1939.

Mr. Lewis: Colonial cents; Jackson Hard Times tokens; 1856 flying eagle cent.

Mr. Lighte: Three inch silver plated "Hard Times" token of 1933, obverse bust of Lincoln; three inch silver plated buffalo nickel; A Century of Progress, souvenir of Colorado, reverse one avdp. oz. fine silver, "silver will restore prosperity," 1933; two silver souvenir pesos of Cuba struck from two different dies; 1 set of two pesos 1936 and one 50 centavos 1936, commemorating the establishment of the Commonwealth of the Philippines in 1925.

Mr. Marsden: 28 different Civil War tokens; 7 Hard Times tokens; 1 sutler token Wm. E. Wood—25c.

Mr. Massey: 24 Civil War tokens; 6 Hard Times tokens; 13 coins of Brazil including some commemorative pieces; Panama Dollar, Balboa 1903; Very old coin, as yet unattributed.

Mr. Olmstead: China silver dollar, 1912, commemorating birth of Republic; 46 different tokens of various types, including 3 of Canada Marshall Wellington series; 1/2 cent worth of pure copper and 1 cent worth pure copper, 1837; 3 Hard Times tokens.

Mr. Uhler: 68 Civil War tokens; 23 Hard Times tokens; 3 foreign commemorative medals; Christopher Columbus Centennial Medal; J. Gault encased 5c stamp 1861.

Mr. Weidhaas: 100 Civil War tokens; foreign commemoratives: 1906 Baden, Golden Wedding, 1863 Bremen, 50th anniversary German freedom, 1858 Bavaria Vereinsthaler, 1860 Hesse Vereinsthaler, 1860 Prussia Vereinsthaler, 1862 Prussia Vereinsthaler, 1863 Saxony Vereinsthaler, 1863 Hanover Vereinsthaler, 1908 Baden 3 Marks, 1859 Prussia, Thaler, with outer shell of similar coin for magicians use.

After members had repacked their exhibits, Mr. Dewey conducted an auction sale, which

was followed by the usual trading table activity. The topics for the next meeting will be "Canadian coins and tokens" and "World's Columbian Exposition coins and medals and miscellaneous." The meeting was officially adjourned at 10:30 (indicating that unofficially the brethren got moving homeward about 11:30).

Other speakers and their subjects were: Mr. Jacka, Token Collecting; Mr. Oblisk and Mr. Joers, Commodore Perry; Mr. Bell, Bourbon Kings of France; Mr. Sawicki, Coins of the Peace Conference; Mr. Spencer, Review of Shaw's "Caesar and Cleopatra" illustrated with coins of the period.

## DISAGREES WITH MR. CORNWELL'S THEORY

Dear Mr. Mosher:

While the letter from Mr. Kirkham Cornwell (p. 1041 September) contains some suggestions which are certainly commendable from a numismatic standpoint, I am afraid they are rather illusionary as an anti-inflationary measure.

At the present time, the printing press, not the mint, furnishes the machinery of inflation, which Mr. Cornwell's Austrian friend should certainly know from the experience in Austria after World War I.

Silver is being taken out of circulation fast enough now. Silver dollars have been called in for months and, I understand, are being melted down at the mints. There are only two reasons I can think of for doing this—either the silver is needed to mint minor coins or it is anticipated that the silver value in the silver dollar will become more valuable than its monetary value.

The same issue of The Numismatist which contains Mr. Cornwell's letter also contains the following rather pertinent material on what is happening to silver coins at present.

Page 1022—"Miscellaneous Notes from the United States Mint"

"renewed heavy demand on the treasury for coins has required the Mints to again accelerate production, particularly at Denver and Philadelphia where the Mint is now operating on a round-the-clock basis . . . all indications point to an upswing in coinage needs in the immediate months ahead. The call for coins is governed by the volume of business" (There could be another factor.)

Page 1100—Ad of Watkins Coin Co.

No more silver being minted in Mexico owing to high price (91c per oz.) and is expected to go to \$1.29 soon.

The following pages contain advertisements of recently minted silver coins for sale in rolls—

Pages 1109, 1111, 1123, 1127.

From these ads, it is reasonable to assume that there is at least a fairly good market for these rolls and that quite a few people are putting away these rolls of regular issue coins much as was suggested in Mr. Cornwell's letter that they would do with commemoratives.

I am afraid that a general hoarding of silver coins, instead of being anti-inflationary, would simply mean that Gresham's Law was operating.

As far as the government's gold reserve is concerned, it is the final ace in the hole against a ruinous inflation, but there would be no point to issuing gold coins as long as the printing presses continued to pour out increasing amounts of paper currency. The negligible results obtained as far as the price level is concerned, by the Mexican gold issues in the last few years, seem to bear this out.

Very truly yours,

—R. M. SISSON,  
Marion, Indiana

## ADVERTISERS PLEASE NOTE

All correspondence relating to advertising should be addressed to the Business Manager (see above). Make all remittances payable to the American Numismatic Association.

**Advertising Contracts:** These are available, covering periods of three, six and twelve consecutive months for display space as listed in the above Table of Rates, and are necessary if the schedule of reduced rates is to apply. If the advertiser prefers not to accept the Contract, such reduced rates will be granted only upon payment in advance for the period desired.

**References:** All advertisers who submit copy for the first time are definitely requested to furnish therewith banking or other satisfactory references.

**Available Space Units:** Practical considerations restrict the allocation of space units to those listed in the above table. Any amount of space is available IF these units or a combination of them are used. Unless contrary instructions are given, copy will be cut if found too full for the space designated; if no designation is made, it shall be understood the amount of space is left to the discretion of the Editor.

**Classified Ads:** The cost is computed at five cents per word each insertion: initials (two), numbers and abbreviations to count as words. Minimum charge, \$1.00. Remittance must accompany copy. These will be set in 6 point Roman; no display type.

**Deadline:** Copy must be received by the 10th of the month to insure insertion in the following month's issue.

**Miscellaneous:** Please furnish copy separately from your letter of transmittal. Advertising copy included in the body of a letter usually has to be re-typed for the printer; this should not be required.

Advertising copy should be prepared with minute care. Carelessness invites error—something which both advertiser and publisher are anxious to avoid. Use only one side of the sheet.

In the absence of an Advertising Contract, when payment in advance for any number of consecutive months has been made, if change of copy has not been received by the 10th of the month for the next issue, the latest preceding advertisement will be run.

Advertisers may use a trade name, but, except in the case of an incorporated concern, the name of the proprietor or of some other responsible person connected with the firm must also appear in the advertisement.

The right to edit copy, to require payment in advance, and to decline any advertisement is specifically reserved. Superlatives prohibited.

## TO OUR ADVERTISERS:

There are two important matters that must be brought to your attention, both of them in accordance with a decision recently made by the Executive Board of the Association, after an extended review of the situation, and deemed by them necessary under existing circumstances.

**Item 1.** Display advertising rates will be increased by 20 per cent, effective with the January, 1947, issue; contracts now in force and extending beyond said date will of course maintain present rates until their expiration. The complete table of rates will be published in the December issue.

The monthly publication of new applications reveals our steady and substantial growth. As of October 1st we had reached a paid circulation of 7,000, and by January 1st there will be a substantial margin beyond this figure. The increase during 1946 is already in excess of 20 per cent over 1945.

On the basis of 7,000 members and non-member subscribers, even at the single insertion rate of \$30 per page, the rate per 1,000 will cost the advertiser only \$4.30; and under a yearly contract, only \$3.85.

**Item 2.** On account of the continuing serious paper shortage, with prospects of increased difficulty, it has been deemed necessary to limit the advertising section (exclusive of cover) to 64 pages, beginning with the January issue. This will leave an equal number of pages for the remainder of the magazine, making a normal 128-page issue.

Such limitation presents a problem by no means light, because of unavoidable disappointments; but it is a situation we must face, and all possible consideration will be shown those who submit copy.

Contract advertisers must, of course, be given preference; copy from members will take precedence over that of non-members; and the order in which copy is received will, so far as available space units are concerned, govern its acceptance. Attention is called to the established deadline for **receipt** of copy by the Business Manager by the 10th of the month for the following month's issue.

Under the circumstances, not to exceed four pages can be assigned to any advertiser in a given issue, unless all other submitted copy should call for less than 60 pages (exclusive of cover).

It should be understood that the limitation to 64 pages is an emergency measure, and will be rescinded when conditions permit.

If you are not on our mailing list, order catalogue now.

We planned the sale for the current month, but were unable to complete the manuscript in time. It is our principle to give the best in the preparation of our catalogues. Only in doing that our friends—consignors as well as collectors—receive the service they deserve for their patronage.

Each individual coin is carefully examined and expertly described. The state of preservation is conservatively expressed. Our estimates are based exclusively on previous records which we have on file for over 40 years.

NO OVERRATING AND NO CONJECTURE.

## HEADLINES TELL THE STORY

**Why Auction Sale No. 3 has been postponed to November 13th.**

### *Demand For Rooms In Hotels Here Continues Unabated, Say Managers*

Life is still hectic for hotel managers in New Haven as the demand for rooms continues unabated. Though the end of the war has brought some relief in the matter of room service and bed making, streams of people still implore for living space by mail.

The housing shortage is held responsible to some extent; many people seek to live in hotels permanently for lack of other quarters. But renewed tourist travel, the greater number of business men on the road and the reopening of Yale on a peacetime basis are also held accountable.

THE SPLENDID COLLECTION FORMED BY THE LATE

**Charles H. Deetz**

OF WASHINGTON, D. C.

IN TWO SECTIONS

### PART I

**Nov. 9, 1946 Ancient Roman & Greek Coins, (All Metals), Foreign Gold & Silver Coins.**

### PART II

**Nov. 15, 1946 U. S. Small Cents to the Silver Dollar.**

**Nov. 16, 1946 U. S. Large Cents, Gold Coins, (\$1.00 to \$20.00), Commemorative & Pioneer Gold.**

This remarkable collection was assembled over a period of 50 years by Mr. Charles Deetz. During his lifetime he had attended more Auction Sales than any other collector in this country and abroad. His everlasting search for beautiful coins is reflected in this fine collection which we proudly offer for sale.

Much could be written about the choice Roman and Greek Coins, for many of these coins come from celebrated European collections.

His desire for a complete collection of early U. S. Large Cents was almost fulfilled.

There are over 1200 lots of U. S., Foreign and Ancient Gold Coins, and about 1400 other coins, many rare and unusual specimens. SPECIAL ATTENTION is given to the Ancient series.

All you have to do is send \$1.00 and you will receive the TWO illustrated catalogues and in addition you will receive the prices realized after the sales. The paper situation is now more critical than ever and naturally we will have to limit the printing, so do NOT fail to order your catalogues NOW.

I have a collection of 700 English Conder Tokens of the period 1790 to 1800 which are all fine to brilliant proofs. These have never been catalogued and probably contain some of the rare varieties. Most are face different, and all are supposed to be different in some respect. Coins of this period are common in good and very good, but rare so nice. The collection is very interesting and would take years to duplicate. Price \$250.00

### COIN OF THE MONTH

The coin this month is the silver Peso of Mexico. The Mexican government no longer issues silver coins. The price of silver is too high. All silver coins are out of circulation. For \$1.00 you may have a 1945 unc. Peso with full mint frost.

### RECOMMENDED INVESTMENTS

Jefferson Nickels. Complete set of 28 different rolls, one for each year and mint. All in unc. condition except 1938-D, 1939-D and 1939-S, which are very fine. Price \$170.00 plus transportation.

Substitutes for proofs. Proof coins formerly issued by the Philadelphia mint have not been issued since 1942. They will probably be issued again in 1947. During the interval the substitute has been unc. coins. You may have a complete set of rolls of Cents (50), Nickels (40), Dimes (50), Quarters (40), and Halves (20) of the Philadelphia Mint for the years 1943, '44, '45 and '46 for \$148.00.

Rolls (20) of unc. 1922-D Dollars \$24.00.

## FROM THE FAR EAST

I expect to reach the UNITED STATES some time in October. The book on "CHINESE SILVER DOLLARS" will be published shortly thereafter. No more reservations will be accepted after December 1st. Although this book will lose us money we still intend to make it the "show piece" of your library.

In the photographic work there are over four hundred dollar-size pictures. Accurate information on the number of each of these Dollars in existence is published for the first time. There is a complete chapter on imitations and bogus pieces, a chapter on Chinese silver Dollars in general, a table of Chinese weights, a map of China, showing each province and the location of all mints, past and present. The descriptive work on all the principal type Dollars is detailed and complete. **THIS BOOK WILL CONTAIN SEVERAL PRINCIPAL TYPE CHINESE SILVER DOLLARS THAT HAVE NEVER BEFORE BEEN PUBLISHED.** We believe this book is worth waiting for.
